LAST TIME ON MONSTER CLUB ARCADE

Could the host really be the three-eyed deity from legend? No such thing could exist in the modern world, right?...

The guy who interrupted the host during its speech claims that his prize-winning card combination got stolen. One card has seemingly come to light but other pieces might still be missing. Could Cardz be the thief and will there be consequences to the accusation?

Why is an ordinary arcade hosting such an extraordinary event at the so-called 'end of the world'?

Also, what is all that drama about underground gaming floors?

The first games of the tournament have begun. Dragen has taken the upper hand over Cardz by using a special card combination. But there seems to be more to this particular game than meets the eye.

THE STORY CONTINUES NOW...

!
The Monster
Club Corporation
suspends
this match
until further
investigation
!

We'll get back
to you in a few
minutes.

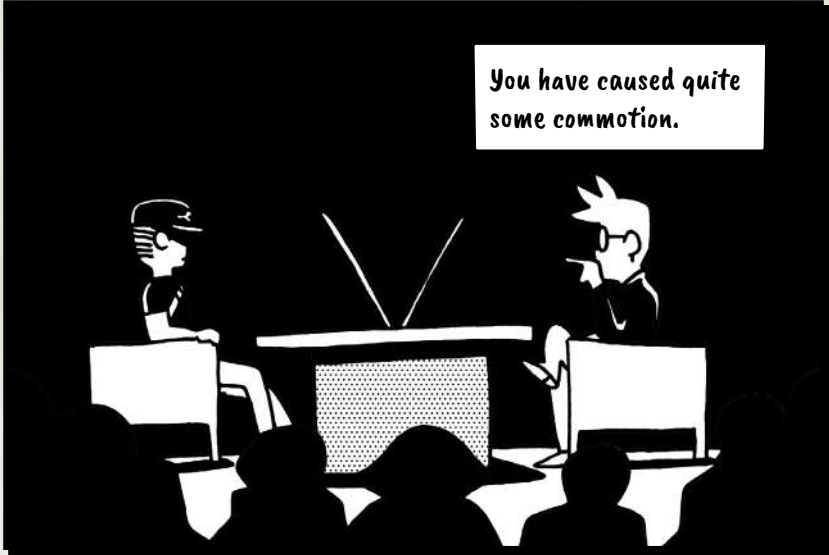

Ain't this as
clear as can be?

The corporation
will conclude
this dispute.

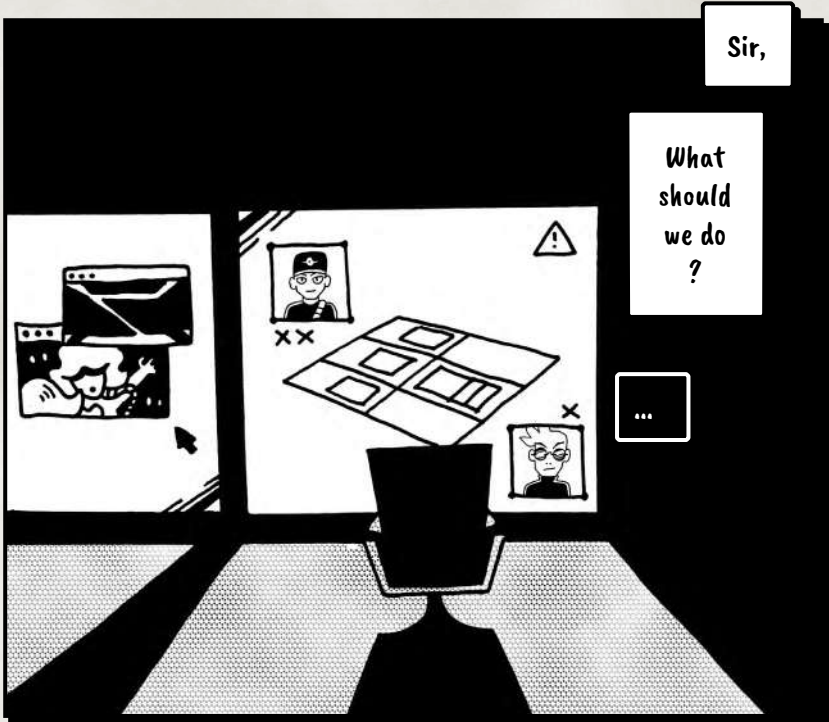

Those are
the rules.

That
capped
dude
clearly
snugged
my cards
into his
lil' bag!

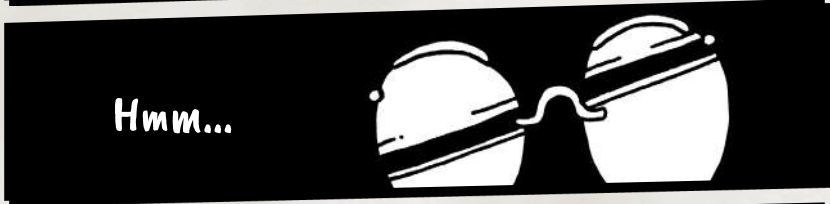

...I must admit it is not a smart move to steal a card and play it to the table within the hour in an official competition like this. Haven't you noticed we're surrounded by cameras, Cardz?

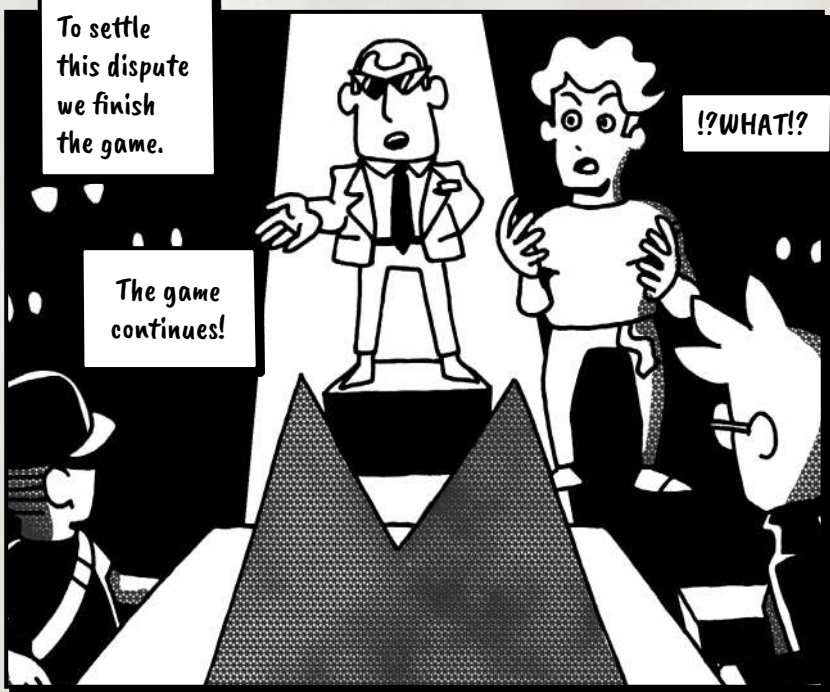

It has been decided!

Hmm...

JUSTICE!

To settle this dispute we finish the game.

!WHAT!?

The game continues!

SO IT'S NOW
OK TO STEAL
EACH OTHER'S
CARDS, HUH?!

That's his prize
winning card?

THIS IS JUST
RIDICULOUS!

He has a
point, chef!

Dude, that's a
really good card...

Someone
put this
card-

-CIVILIZED
EVERYONE!

All I wanted
was a fair
game...

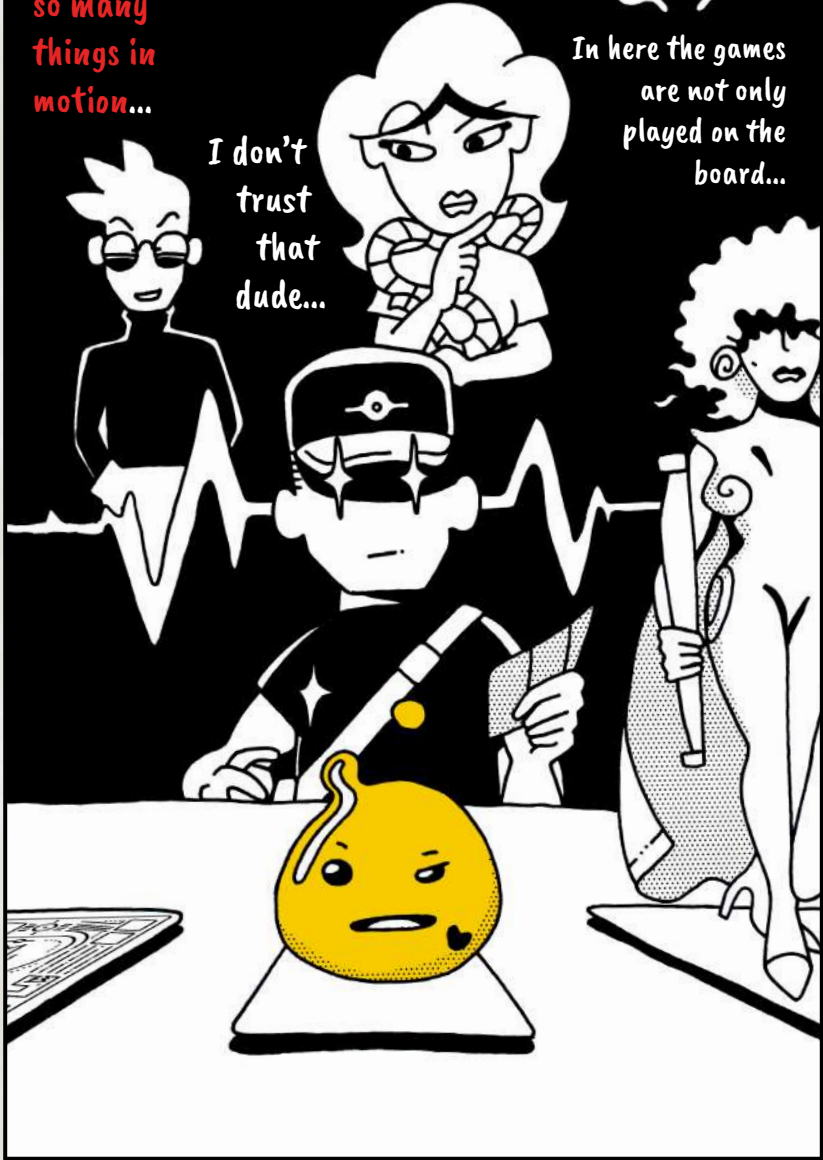

Yet you've set **so**
many things in
motion, Cardz...

Not a game
played yet
so many
things in
motion...

In here the games
are not only
played on the
board...

I don't
trust
that
dude...

CARDZ!

That dude stole those cards when the lights went out and tucked them into your deck to get you disqualified!

Charlotte here has seen it ALL!

But that doesn't matter now!

All that matters is that you show this brat!

Careful who you accuse, lady!

Complete your turn, Cardz!

YEAH!

End
your
turn,
Cardz
!

End my turn?

... he's just trying to
confuse me again ...

You must truly
think you are
dealing with
an amateur
here, Dragen...

Ever since we
met you've
been trying
to sabotage
this game.

Not because
you're
confident,
but because
you're
scared!

...

And
you
should
be
...

First I
neutralized
your Deck
Genie's score
at 1400...

And just for this turn I enhance the Dame Archer with a power increasing Power Card!

And I use her special ability ...

To destroy your Deck Genie!

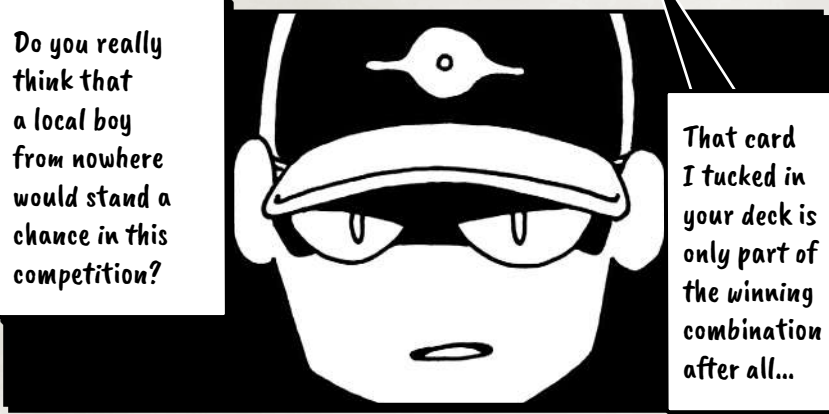

...

You stand here amongst the best players in the world, Cardz....

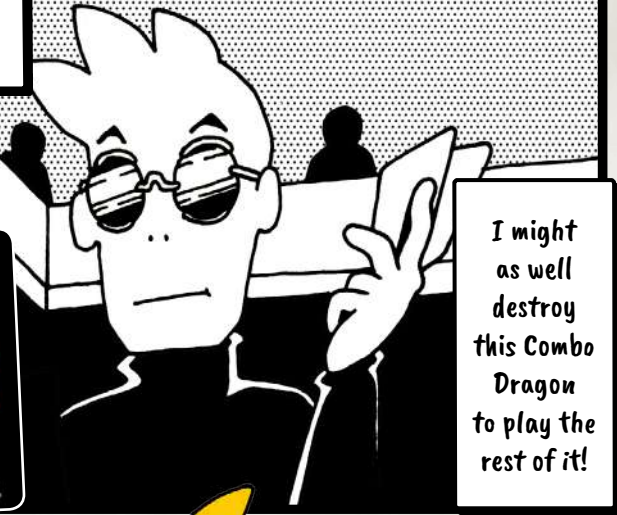

Do you really think that a local boy from nowhere would stand a chance in this competition?

That card I tucked in your deck is only part of the winning combination after all...

So, since it doesn't matter anymore...

I might as well destroy this Combo Dragon to play the rest of it!

...to play Combo Dragon X!

THAT'S ALSO MINE!

Yeah we know that.

And since the theme of this game is already theft...

I'm going to take back what belongs to me!

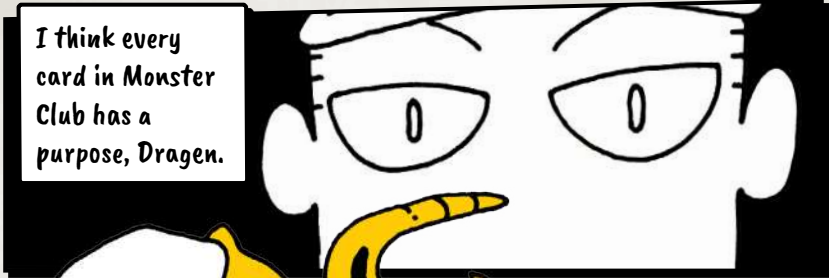

By playing Unarmed Knight and Monster Swap. It exchanges my Unarmed Knight for your Dame Archer.

I also stack a face down Power Card to the Dame Archer.

Now doesn't that leave you yet with another useless Monster Card!

I think every card in Monster Club has a purpose, Dragen.

!
YEAH
WATCH
ME
!

Yet, my next turn I'll destroy your useless Lava Girl or whatever monster you play in whatever location!

As a result of playing Monster Swap my Dame Archer cannot initiate an attack during this turn, which prevents me from winning!

WHAT NEXT TURN ?

Look at your hand... It's empty.

Eh?

YOU ARE BLUFFING!

And you left your monsters exposed...

-And so are you with that face down card!

To oppose your
Combo Dragon
X I play the
definition of
power:

!
SILVER
DRAGON
!

And I
stack
this
Power
Card to
it...

I also
stack
a face
down
card to
Lava
Girl.

And now...

SILVER DRAGON!

...

ATTACK COMBO
DRAGON X!

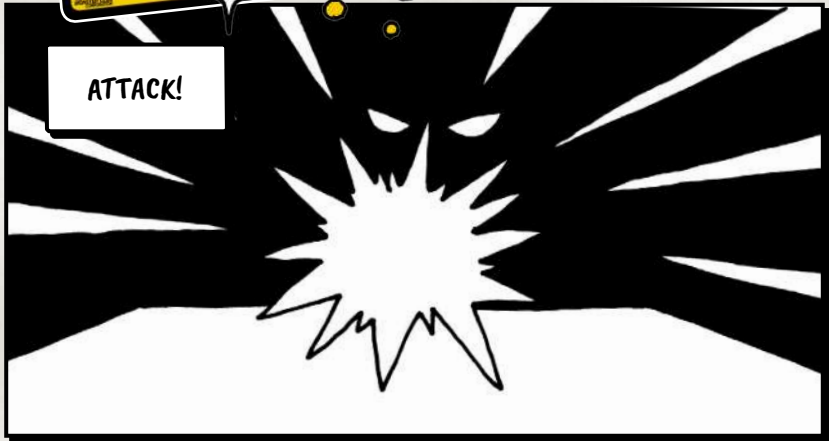

It seems you underestimated me and my monsters!

I bet that face down card is a charade because it was your last card in hand and Dame Archer's score isn't that imposing...

You need it to prevent me from attacking...

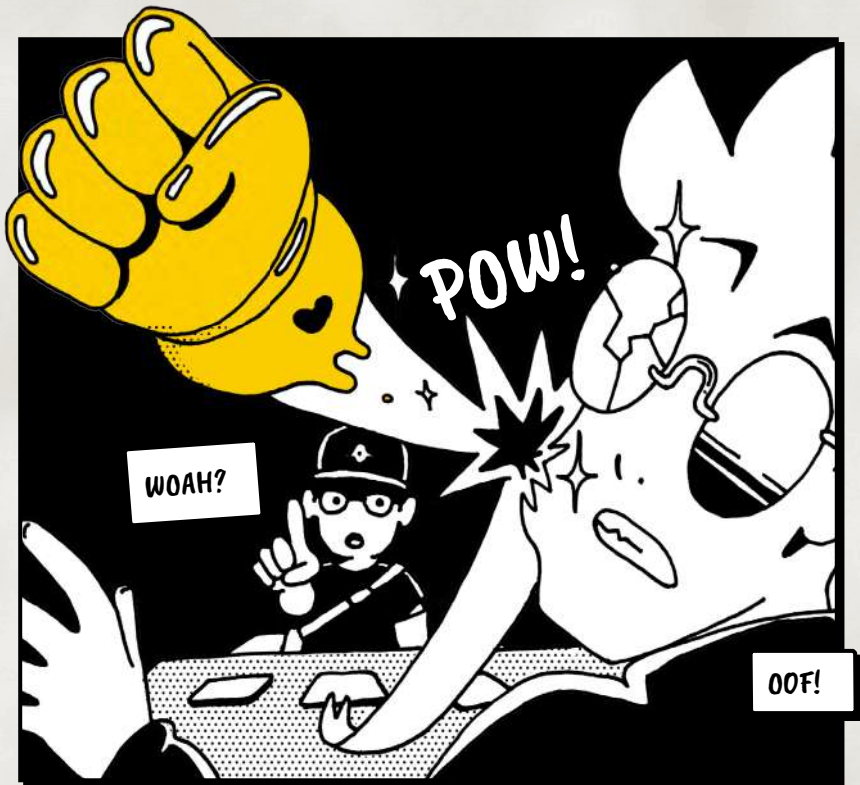

Lava Girl!

ATTACK!

WOAH?

POW!

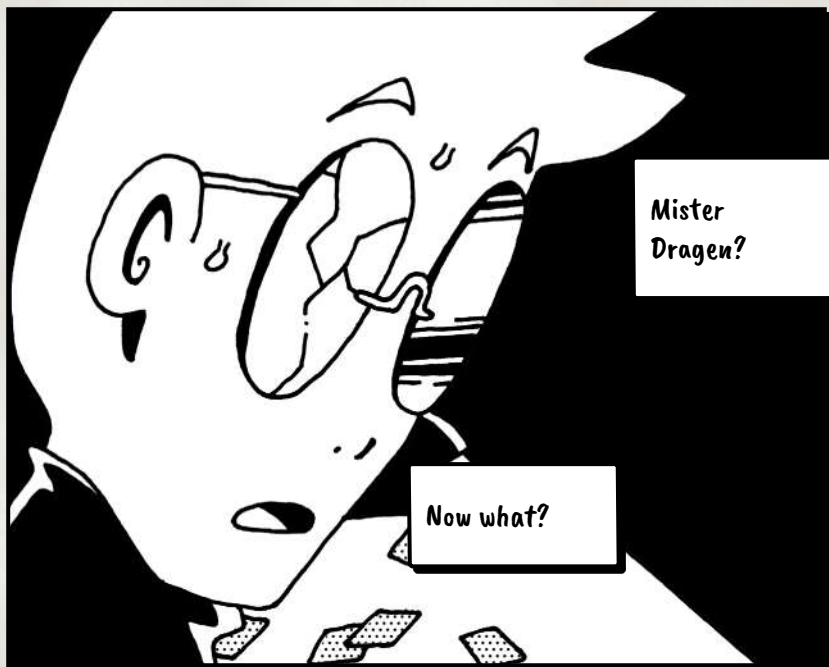

OOF!

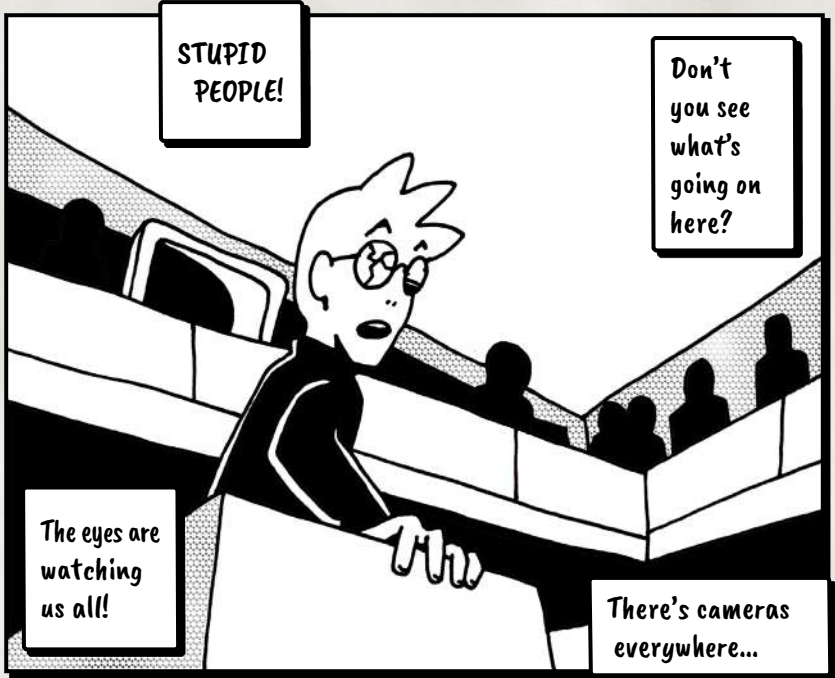

RIGHT
BACK
AT YA!

CARDZ!
YOU
WON!

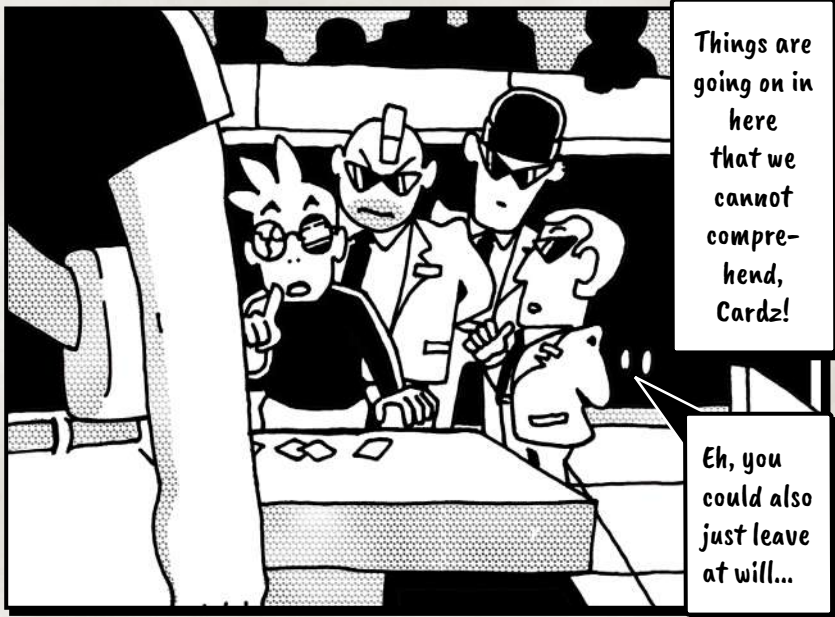

STUPID
PEOPLE!

Don't
you see
what's
going on
here?

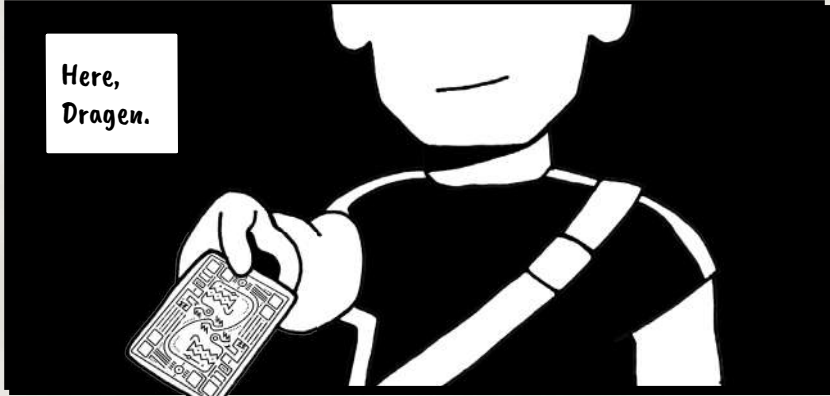

The eyes are
watching
us all!

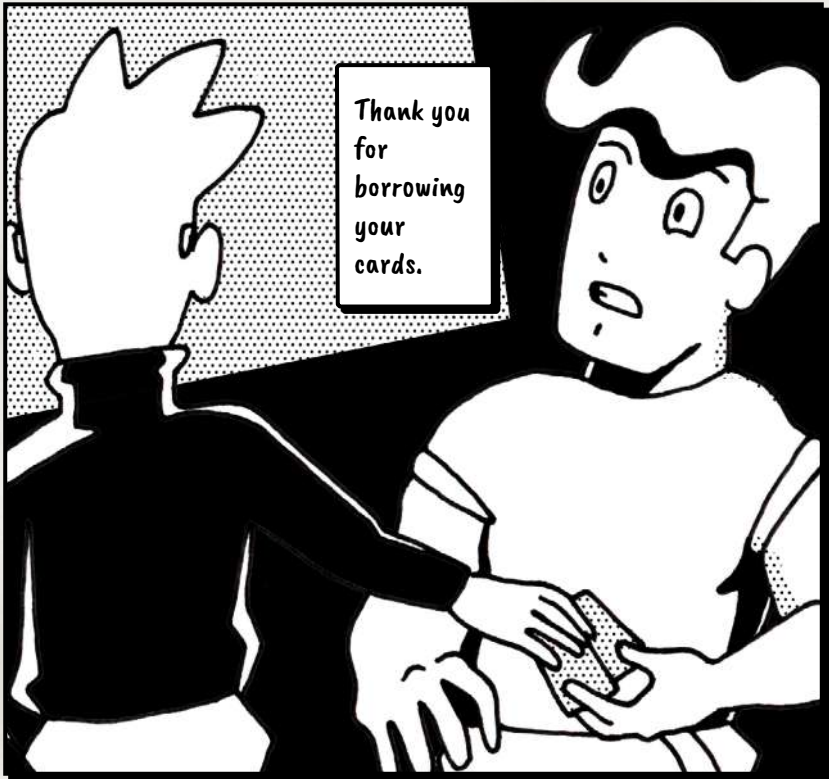

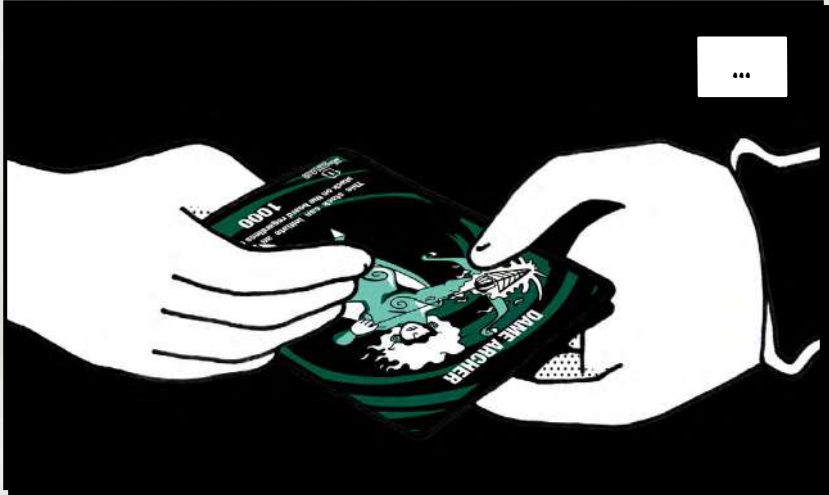

There's cameras
everywhere...

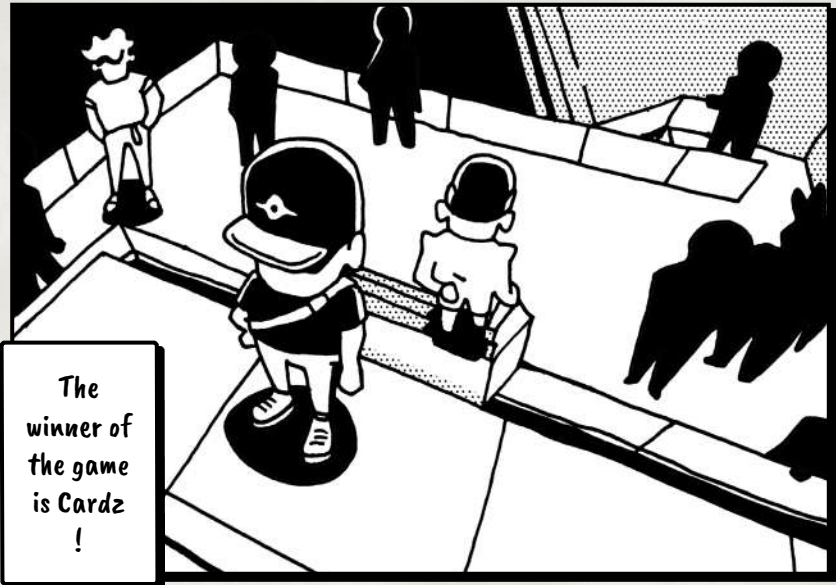

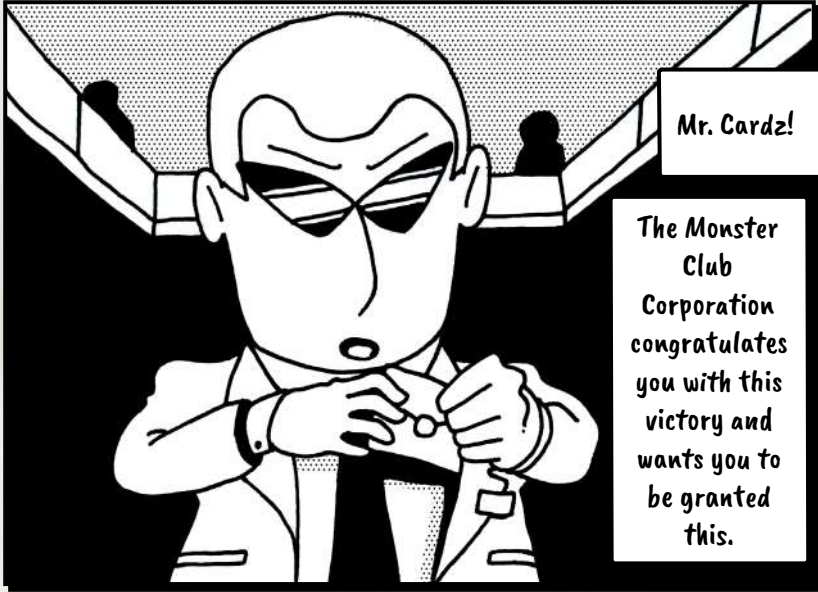

Things are
going on in
here
that we
cannot
compre-
hend,
Cardz!

Eh, you
could also
just leave
at will...

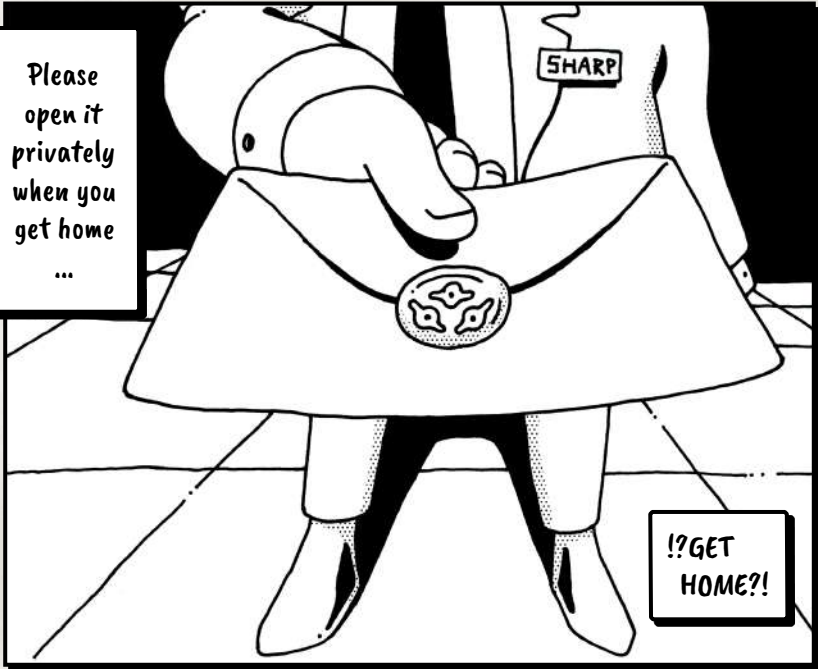

Mr. Cardz!

The Monster Club Corporation congratulates you with this victory and wants you to be granted this.

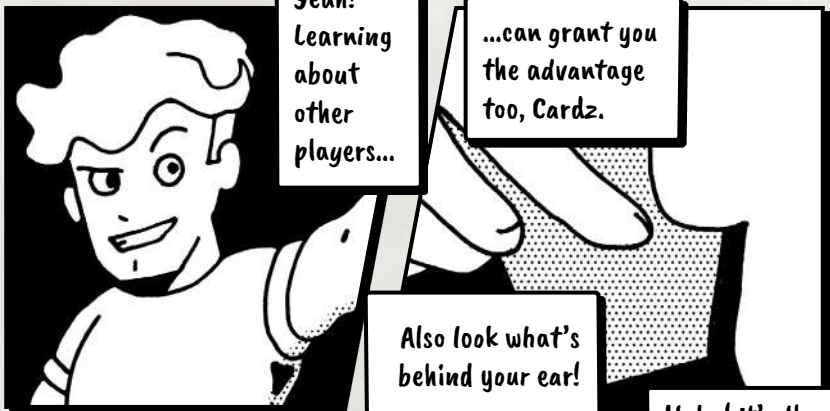

Please open it privately when you get home ...

!GET HOME?!

You are not going home already!

Not with so many fun games to watch!

Yeah! Learning about other players...

...can grant you the advantage too, Cardz.

Also look what's behind your ear!

Haha! it's the Dame Archer!

You weren't able to use her full potential. And I already pulled a replacement from a Booster Pack.

She's yours to keep!

You really-

-I insist!

Knowing what's in your deck will also grant me an advantage when we'll play!

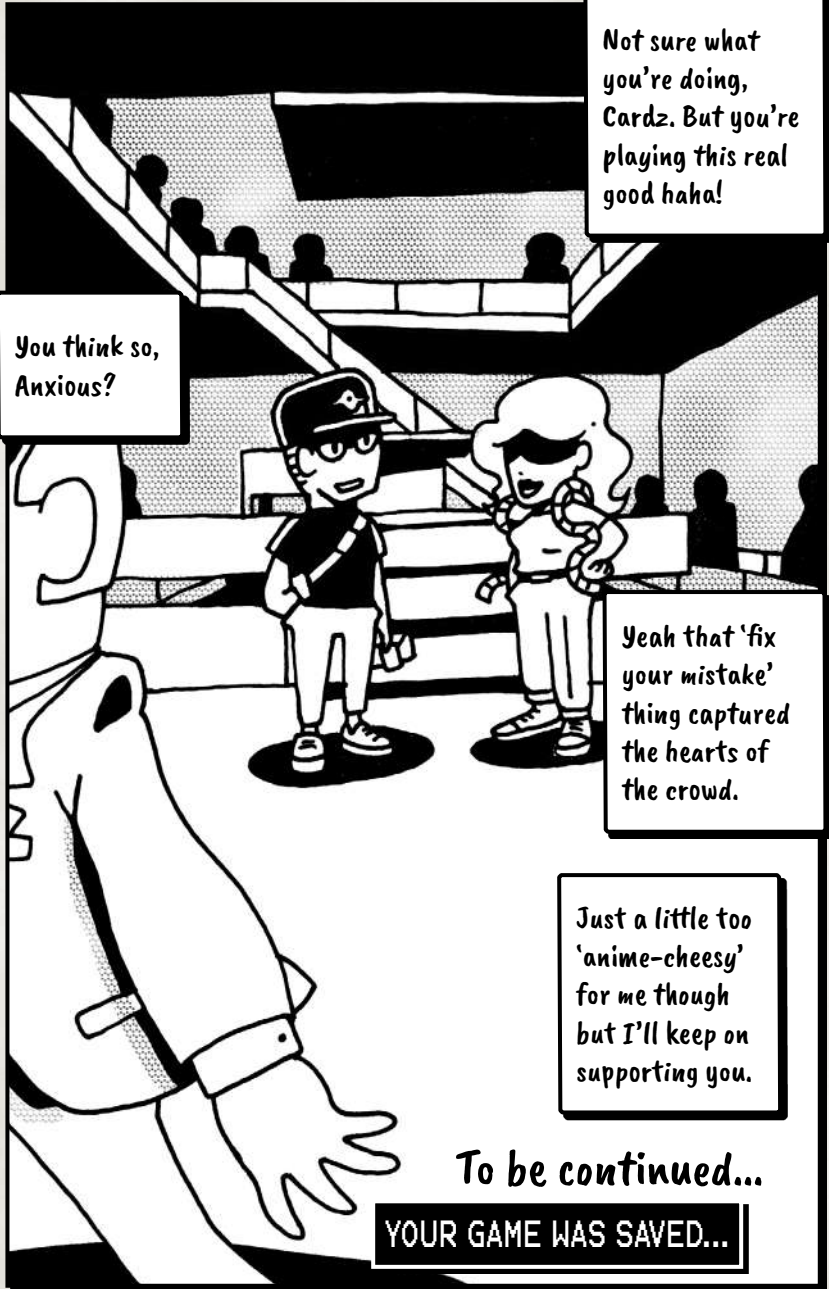

Remember what the three-eyed said: "games outside of games!"

Ghehe...

Gotta go for my brother's game now, guys!

Bye!

You think so,
Anxious?

Not sure what
you're doing,
Cardz. But you're
playing this real
good haha!

Yeah that 'fix
your mistake'
thing captured
the hearts of
the crowd.

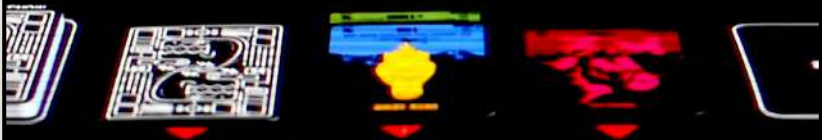

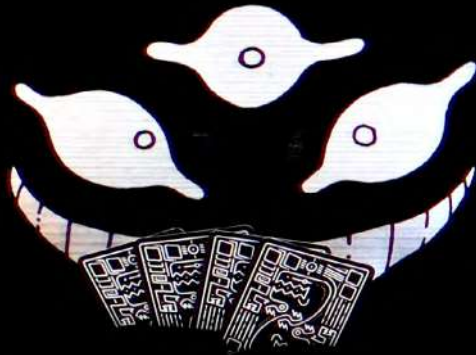

Just a little too
'anime-cheesy'
for me though
but I'll keep on
supporting you.

To be continued...
