## LAST TIME ON MONSTER CLUB ARCADE

Pink showed up just in time to face his opponent who he quickly identified as the Monster Club champion, Janice. Janice, who seems to be participating twice in order to secure her title as champion merely played with Pink and won the game with ease.

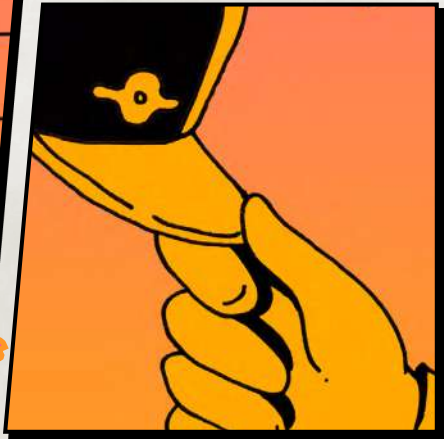

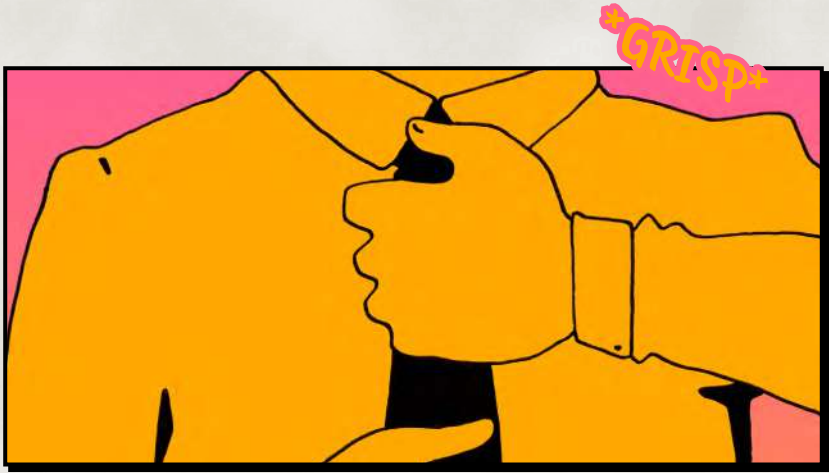

Anxious, Cardz & E finally met with Pink after the game. Only minutes before the low, distorted voice of the championship's host echoed through the Arcade announcing that it would now close its doors until 8:00 P.M.

The contestants took off. Those who won the game during the preliminary rounds got their hands on a secret letter only to be opened in private. A letter which, in the case of Cardz, congratulated him and presented him with the strange word 'LAWUN'.

THE STORY CONTINUES NOW...

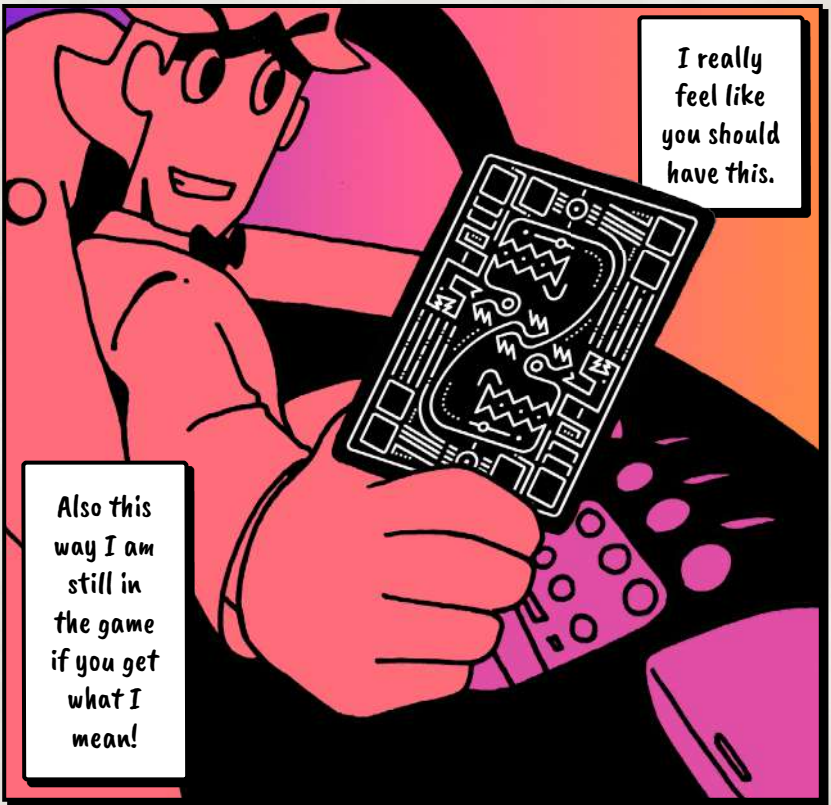

By the way

There's something I want you to have.

Really?

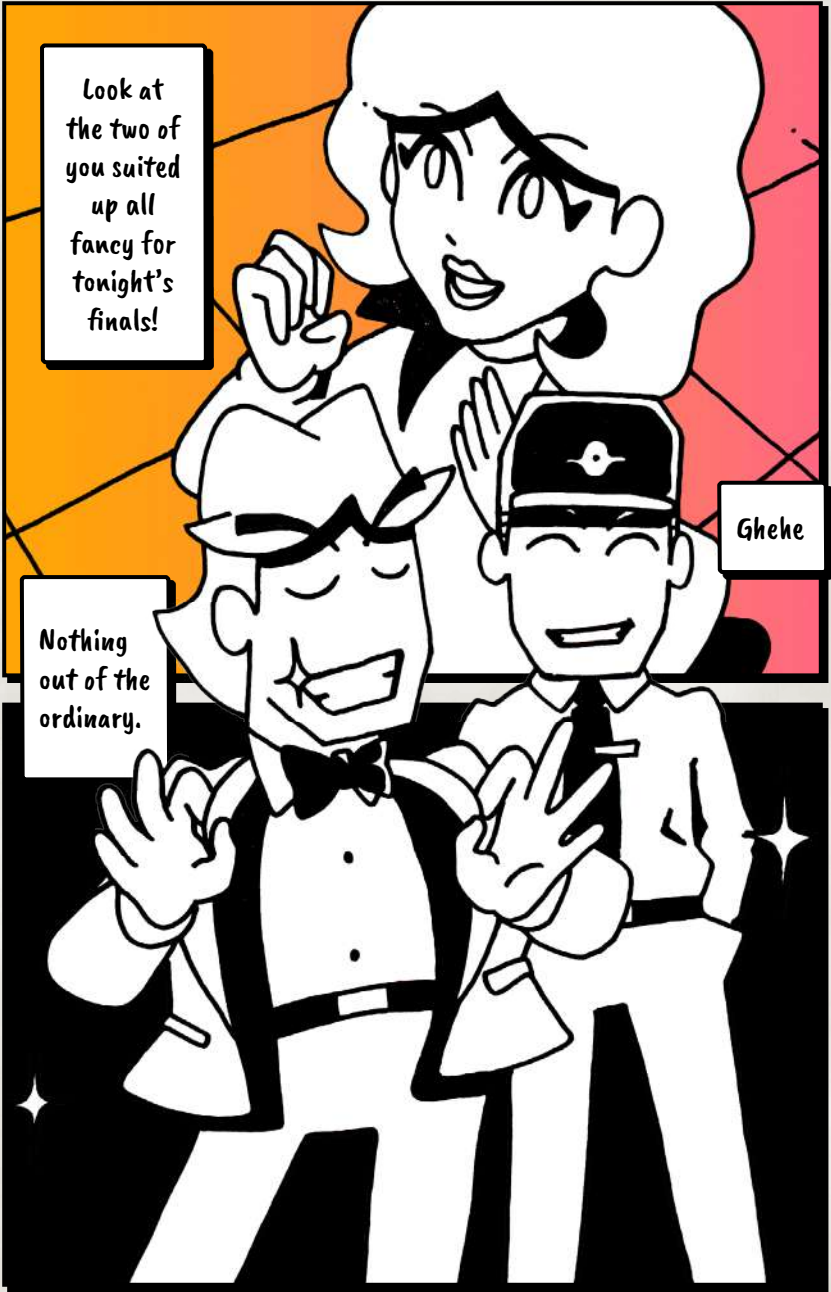

I really feel like you should have this.

Also this way I am still in the game if you get what I mean!

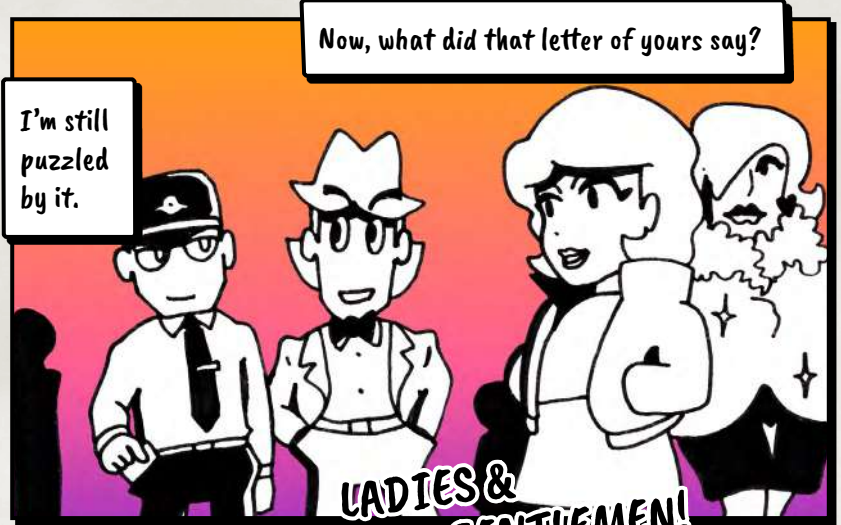

Look at  
the two of  
you suited  
up all  
fancy for  
tonight's  
finals!

Nothing  
out of the  
ordinary.

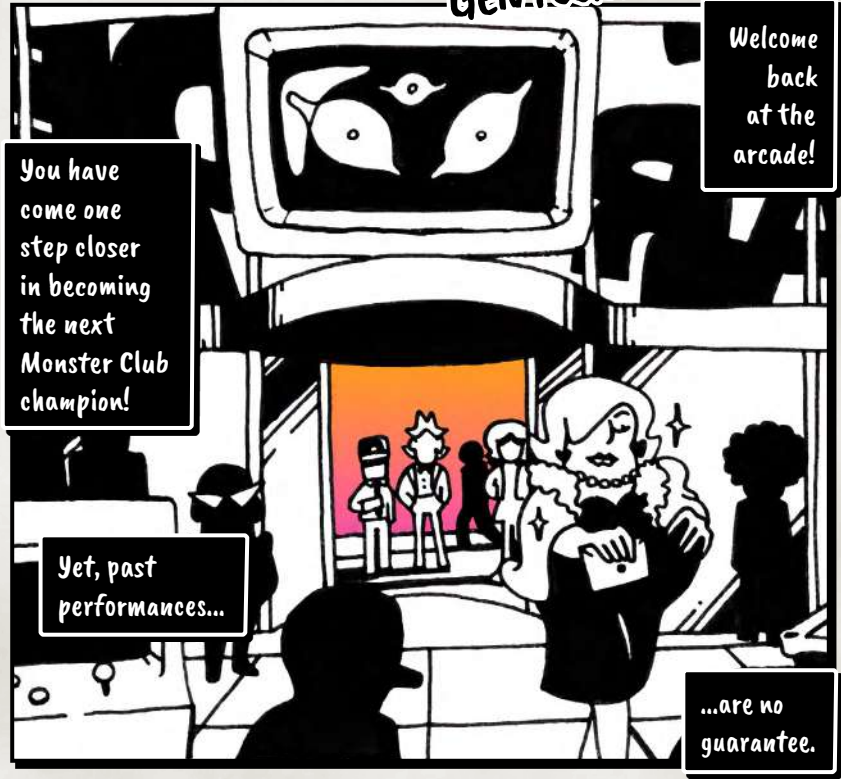

Ghehe

Now, what did that letter of yours say?

I'm still puzzled by it.

LADIES & GENTLEMEN!

Welcome back at the arcade!

You have come one step closer in becoming the next Monster Club champion!

Yet, past performances...

...are no guarantee.

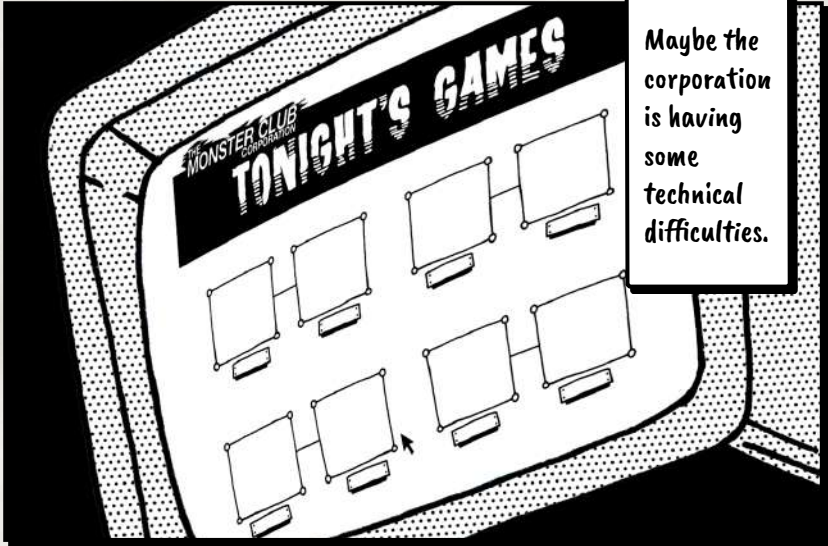

Please  
make  
your  
way  
to the  
gaming  
floors.

The first  
games of  
the night  
are about  
to begin.

Guys,  
why is the  
ranking  
board all  
empty?

Maybe the corporation is having some technical difficulties.

I think I know what this is about.

This is a game outside of the games, guys. A puzzle to find the right opponent...

000ooh...

I know exactly who I am playing against, darling!

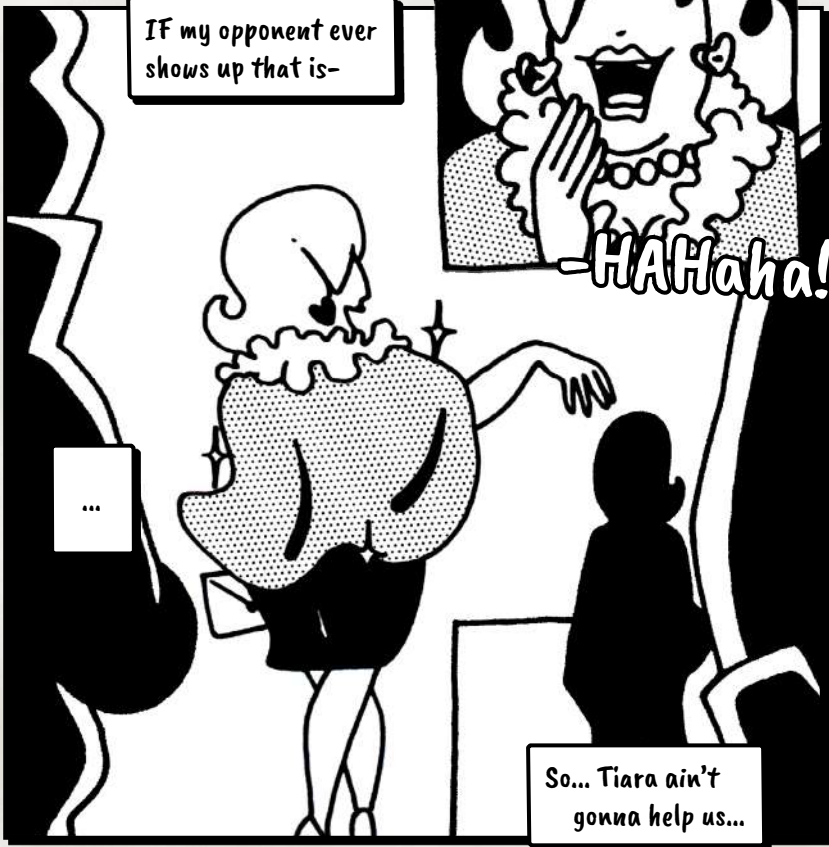

But the less people that show up the greater the chances of becoming victorious!

WOAH?!

Now children!  
I'm going to move  
these high heels  
to kick some butt  
with 'em.

IF my opponent ever  
shows up that is-

-HAHaha!

...

So... Tiara ain't  
gonna help us...

This is quite the problem, guys.

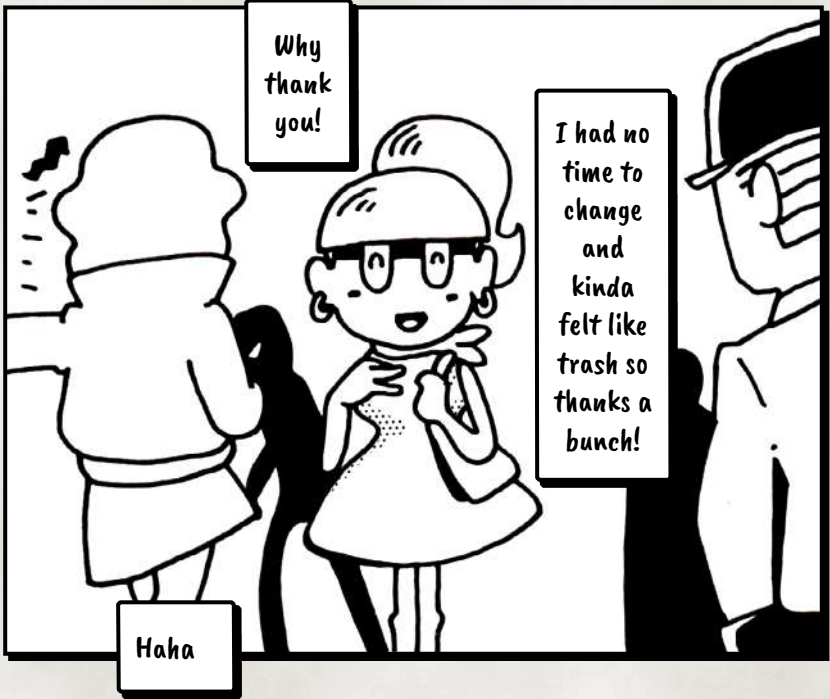

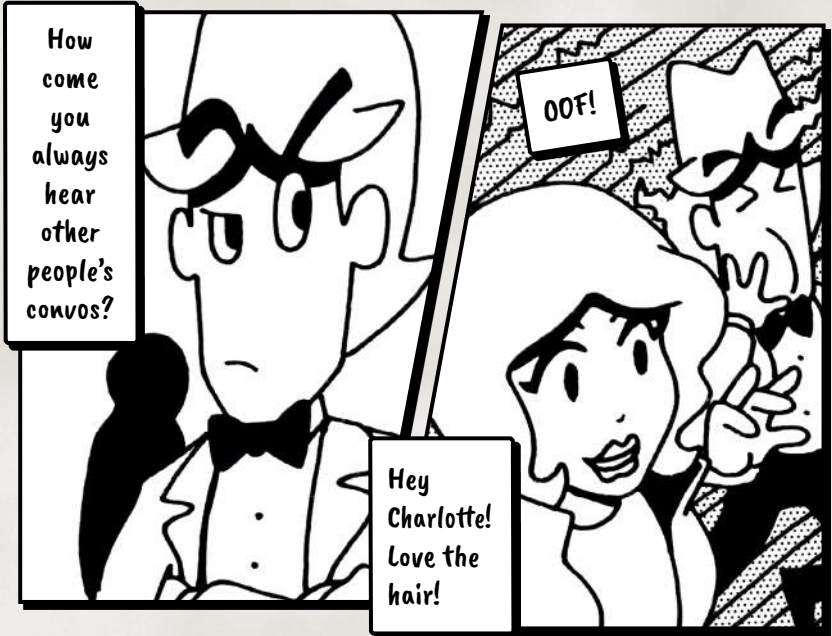

If your opponent shows up and you don't you'll lose, Cardz!

...

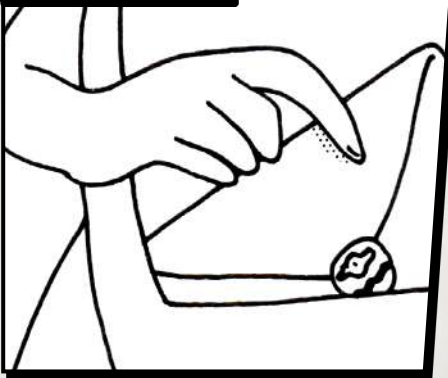

Hey guys!

I'm afraid I heard your conversation with Tiara...

You see, Cardz. I got one of these.

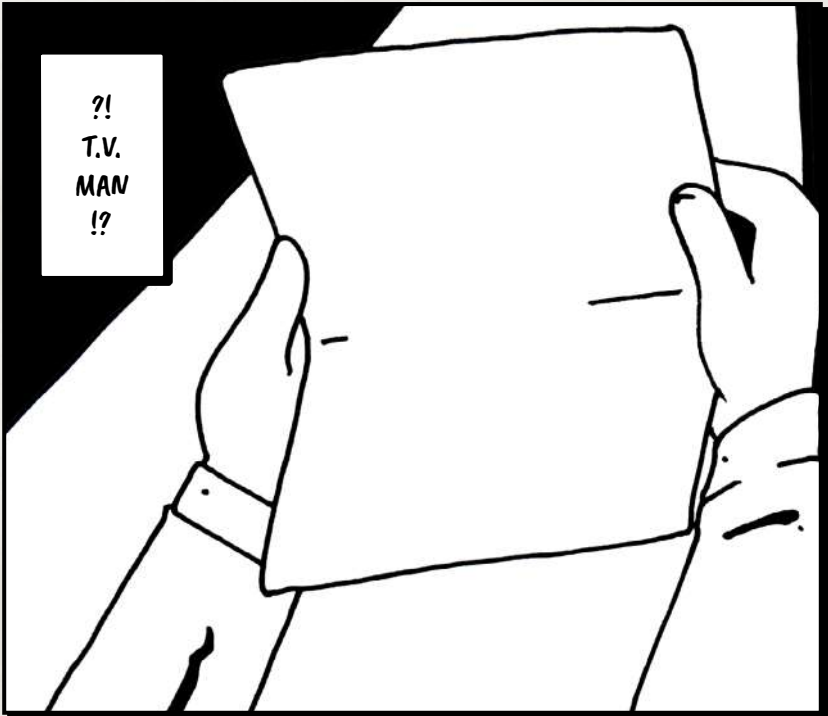

We didn't know you played!

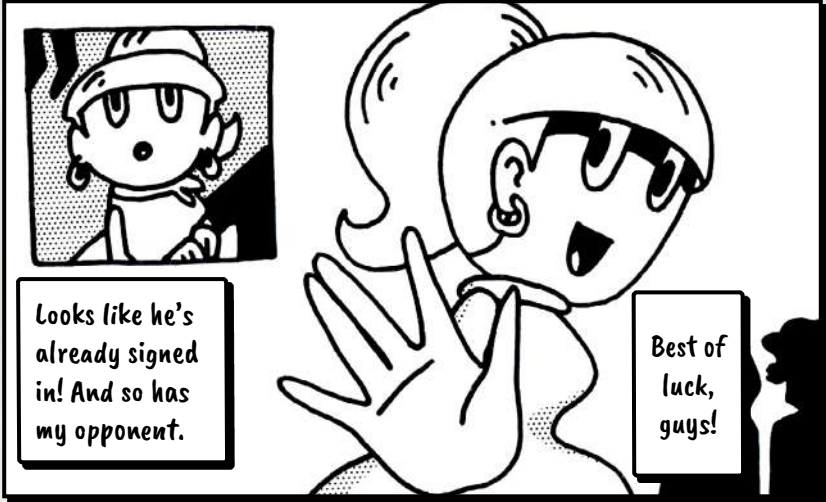

So I learned that by turning the letter inside out and upside down, one could easily read the name of the opponent once held against direct sunlight.

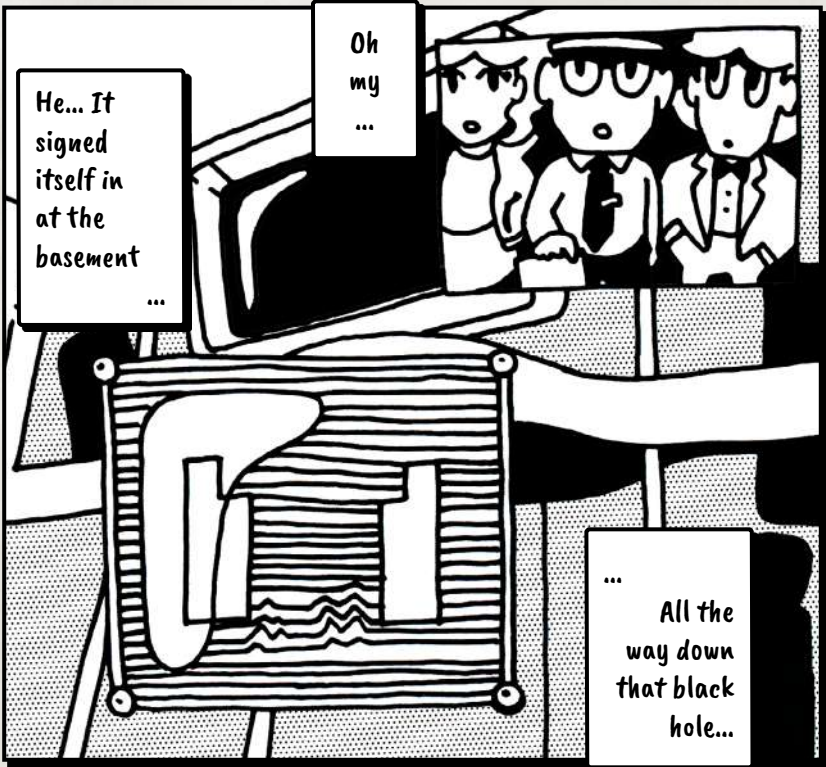

Since there's no location on my letter I suppose we may choose it ourselves. If we know who our opponent is and are first, that is.

Looks like he's already signed in! And so has my opponent.

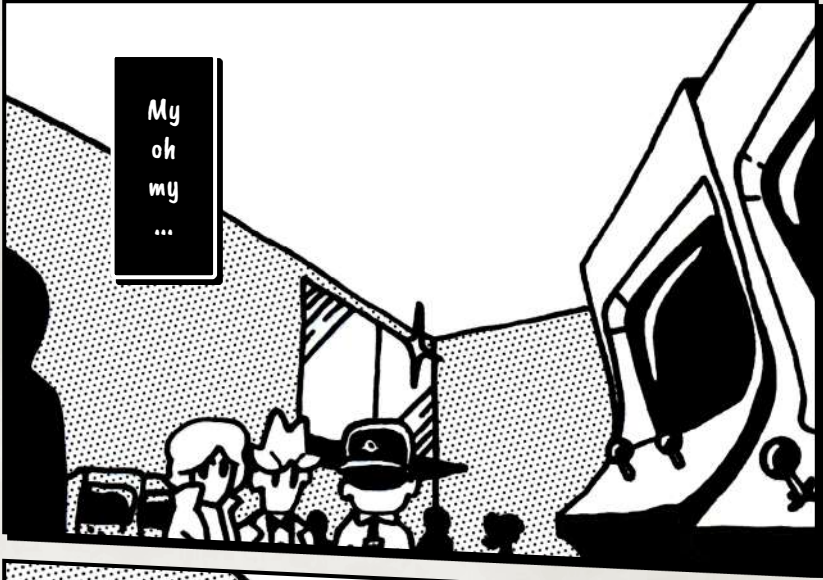

Best of luck, guys!

He... It signed itself in at the basement ...

Oh my ...

... All the way down that black hole...

My  
oh  
my  
...

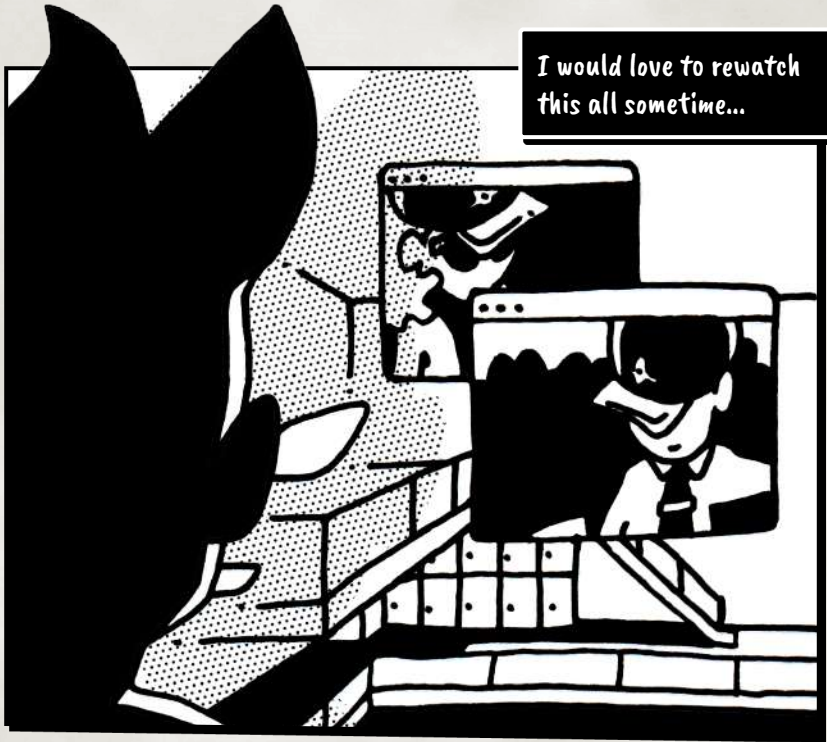

They  
are all  
such  
smart  
people  
...

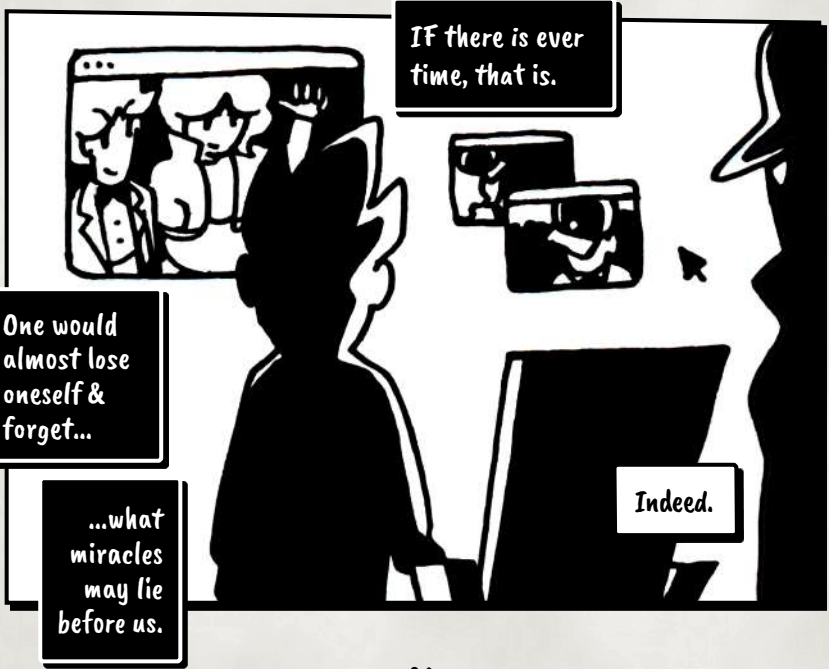

Don't you  
think it's  
odd that  
nobody  
questions  
the selection  
process at  
this point?

You really only see those things in  
manga books and bad movies...

Ghehe...

I would love to rewatch this all sometime...

IF there is ever time, that is.

One would almost lose oneself & forget...

...what miracles may lie before us.

Indeed.

With my  
Great King  
Of The Sea  
I attack  
your face  
down card  
!

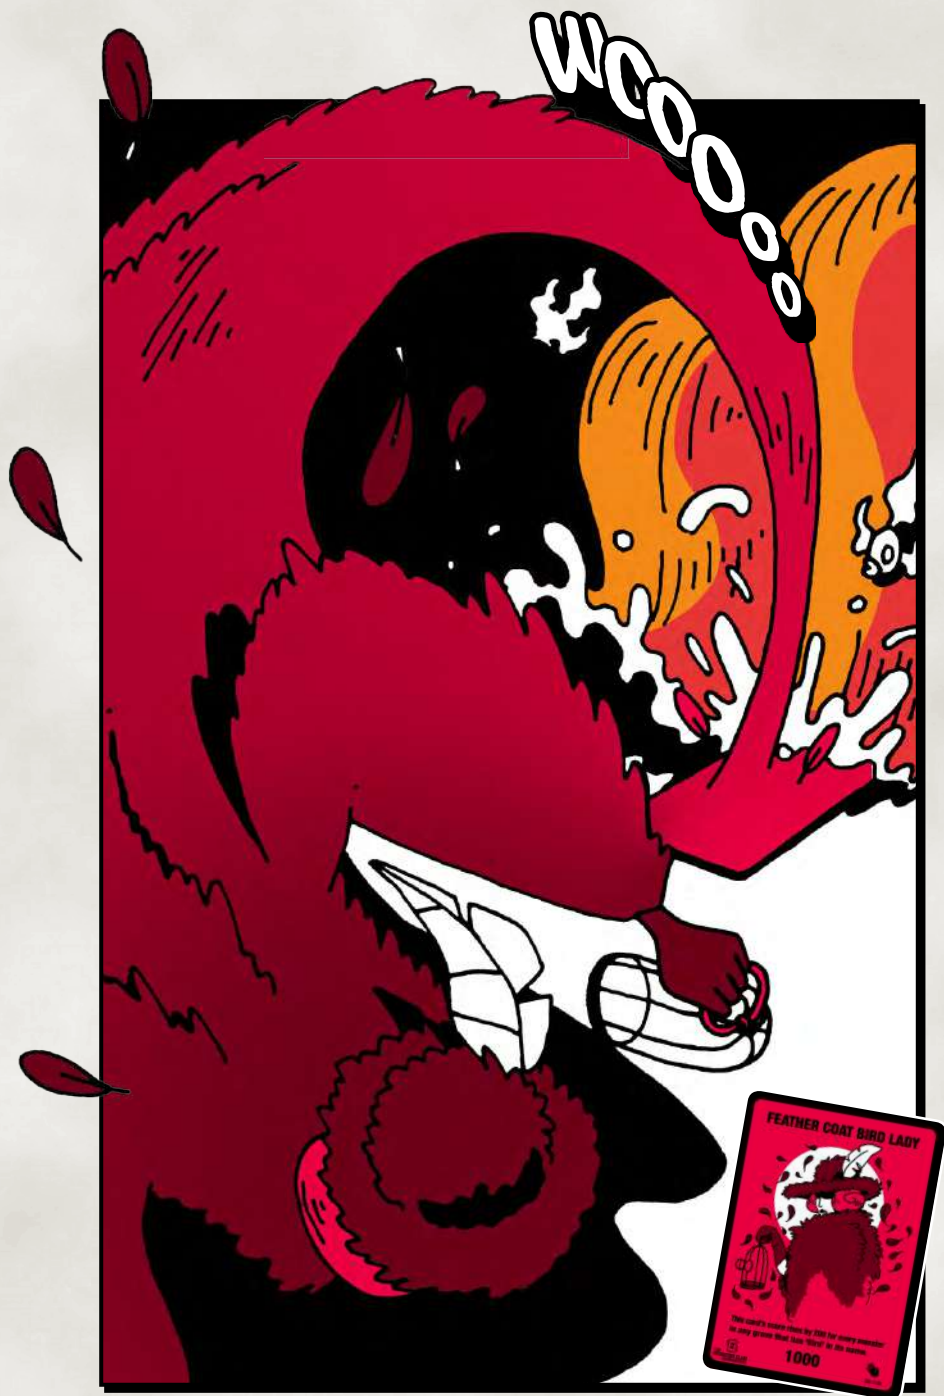

\*Yep! T.G.K.O.T.S. is actually a giant king wave!

Ha!

Hey  
it's  
E!

The ever  
so classy  
Feather  
Coat Bird  
Lady!

Her  
strength  
rises with  
every  
feather in  
any grave  
!

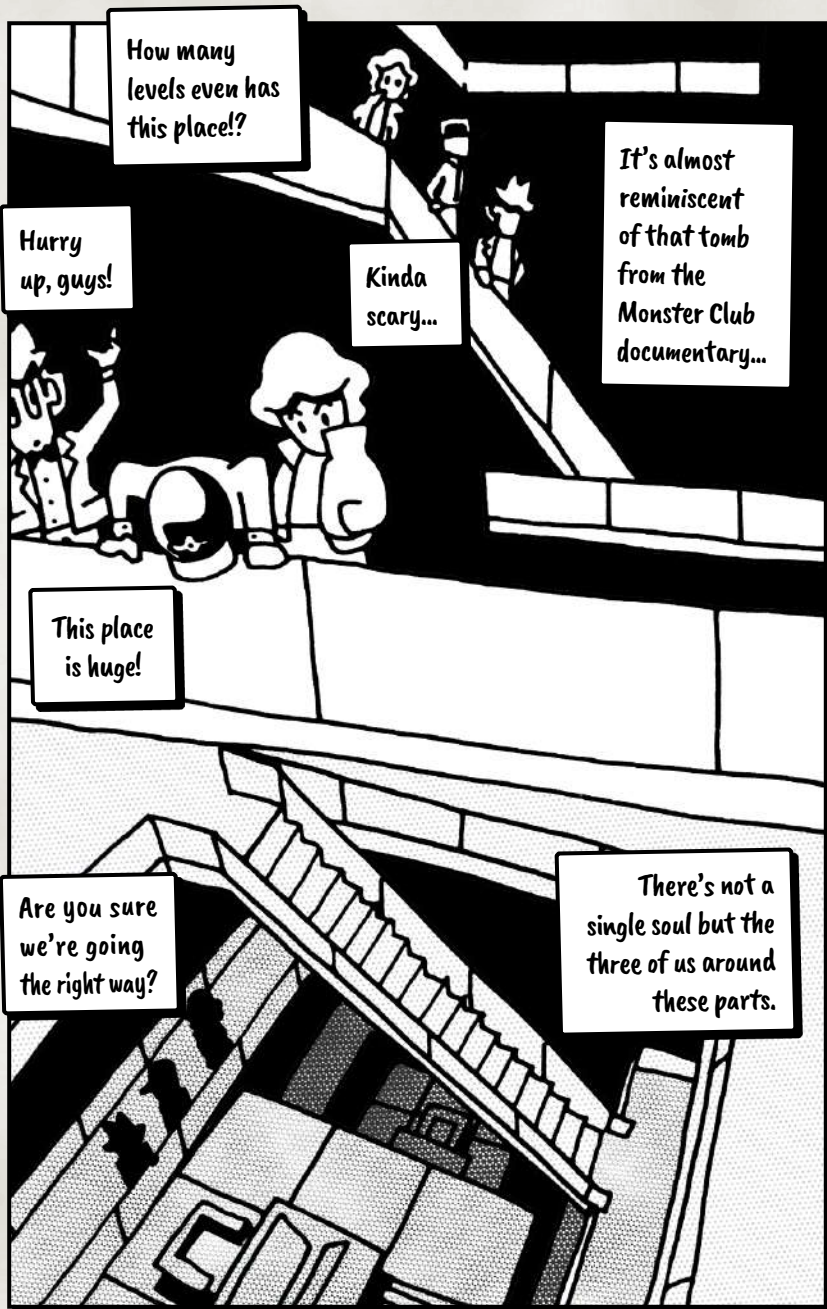

Ha! She wipes  
the floor  
with your  
tactics, E!

Sadly we can't stay  
to support him...

HAHAHA

How many levels even has this place!?

Hurry up, guys!

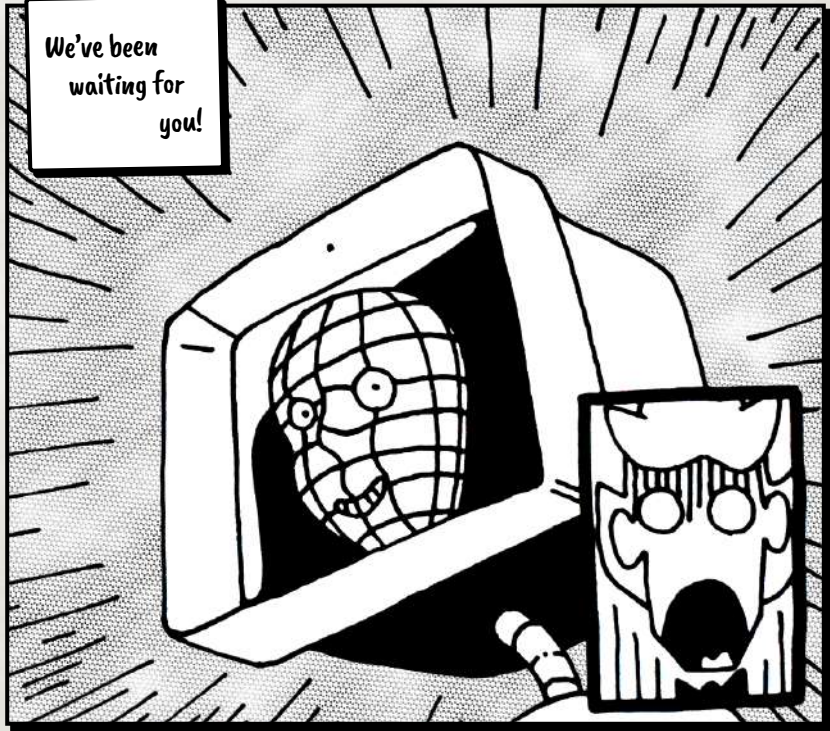

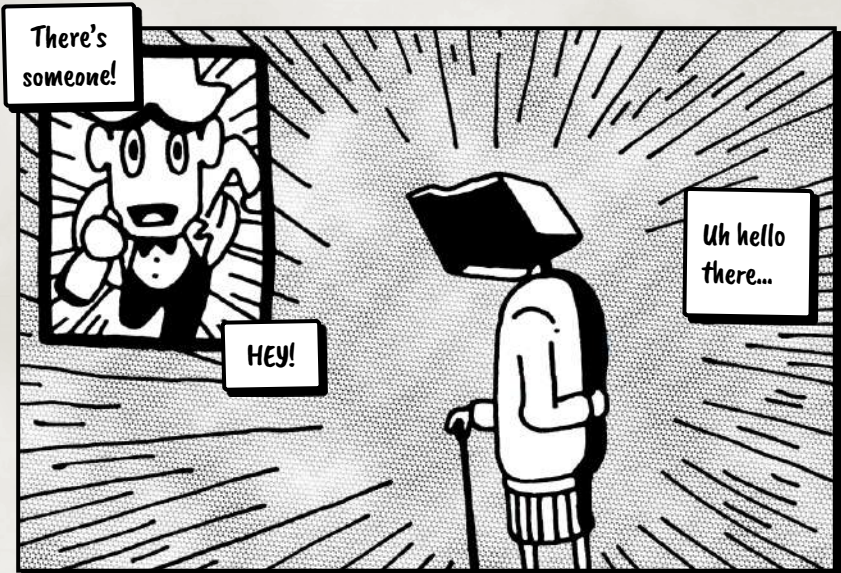

Kinda scary...

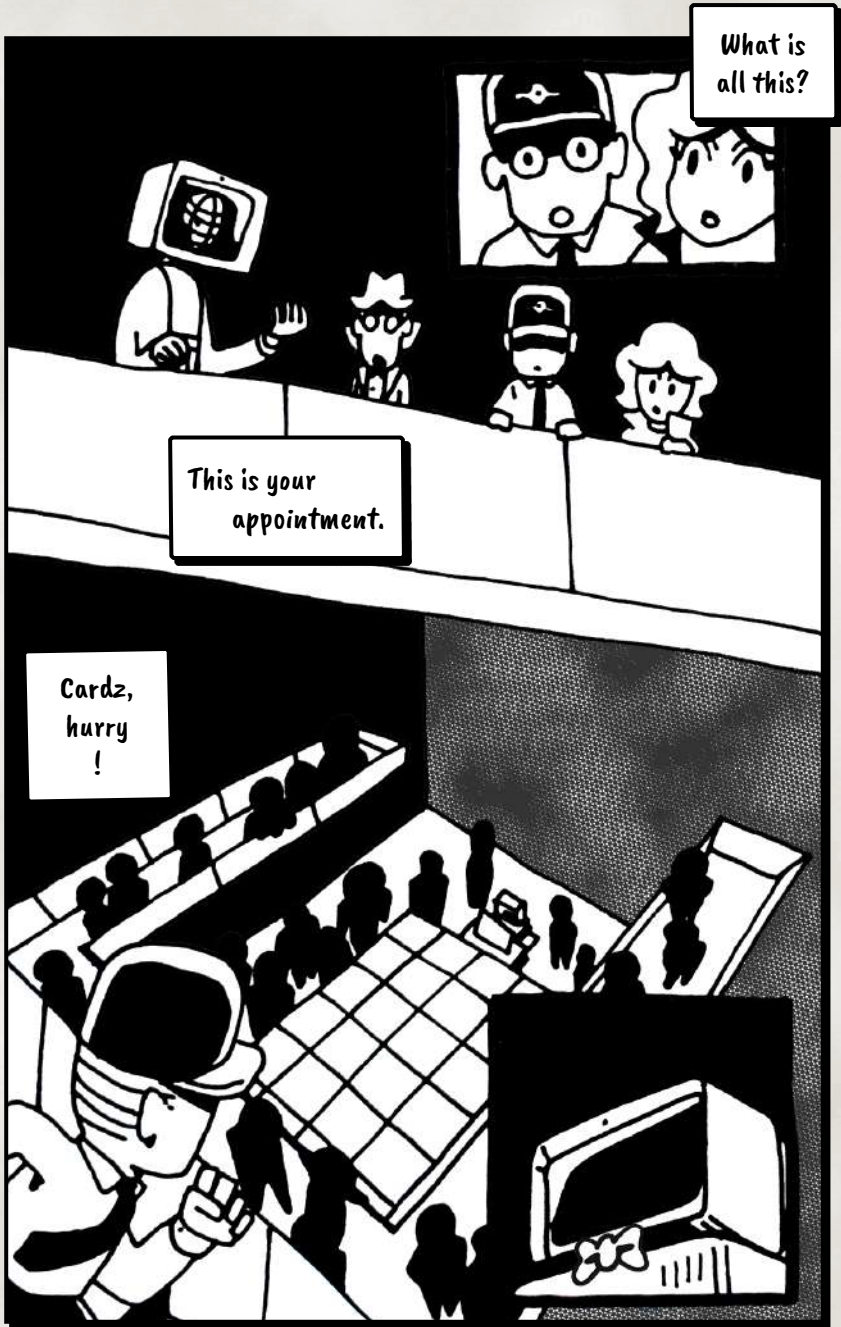

It's almost reminiscent of that tomb from the Monster Club documentary...

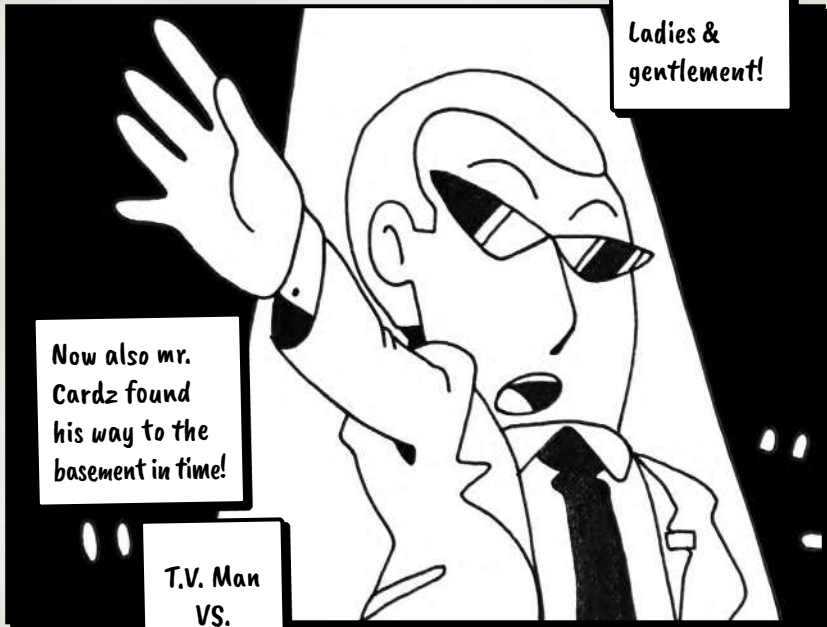

This place is huge!

Are you sure we're going the right way?

There's not a single soul but the three of us around these parts.

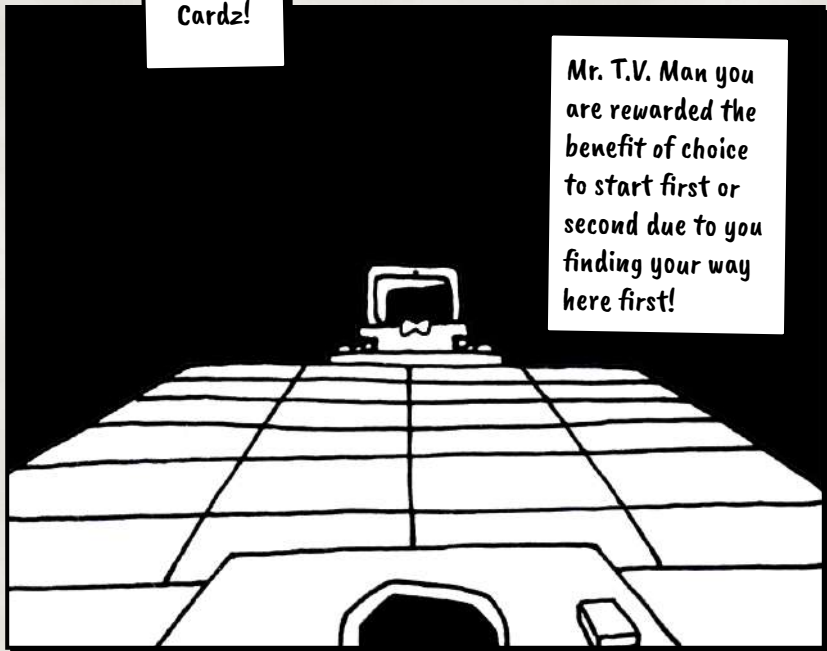

Ladies & gentlemen!

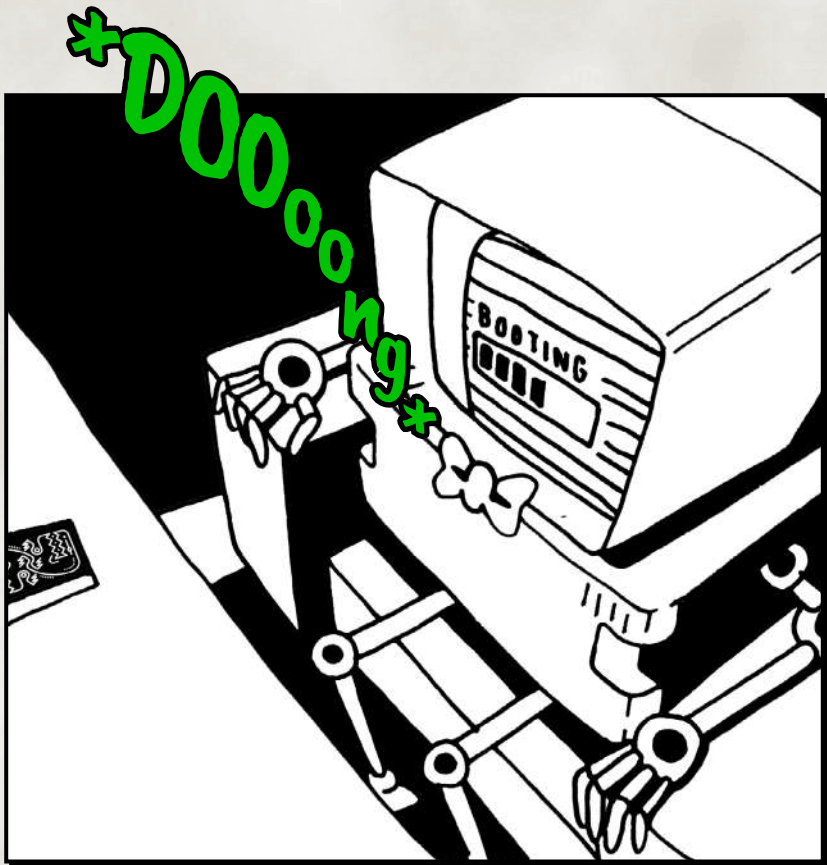

Now also mr. Cardz found his way to the basement in time!

T.V. Man VS. Cardz!

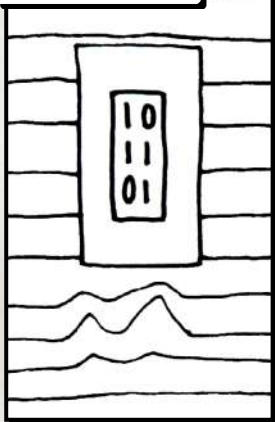

Mr. T.V. Man you are rewarded the benefit of choice to start first or second due to you finding your way here first!

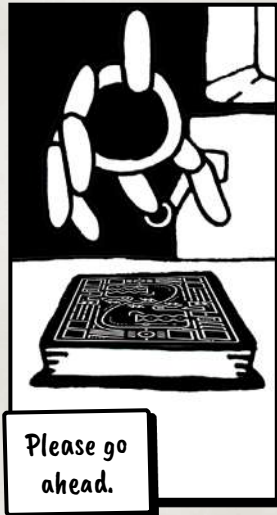

Ah! Mr. Cardz!

Please excuse me for shutting down for a bit. I wished to save some charge.

You seen. You have quite the reputation of being late.

Now please allow me to open our game!

Please go ahead.

Telling from the look on your face you are surprised. Don't you remember we locked eyes prior to the opening words of the championship?

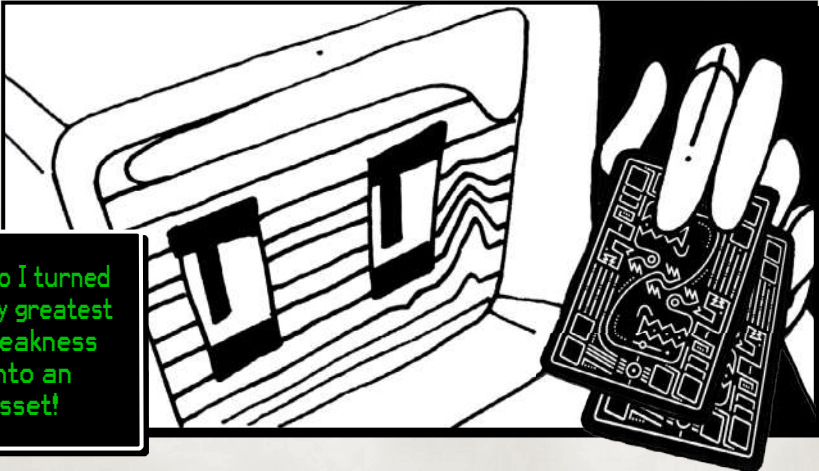

Unlike you I analysed your very cards and processed every potential combination.

But I know as well as you do that artificial systems are not without their flaws. And that a measle bug can easily throw a spanner in the works. LMAO!

So I turned my greatest weakness into an asset!

I play two Easy Gogga  
and end my turn;

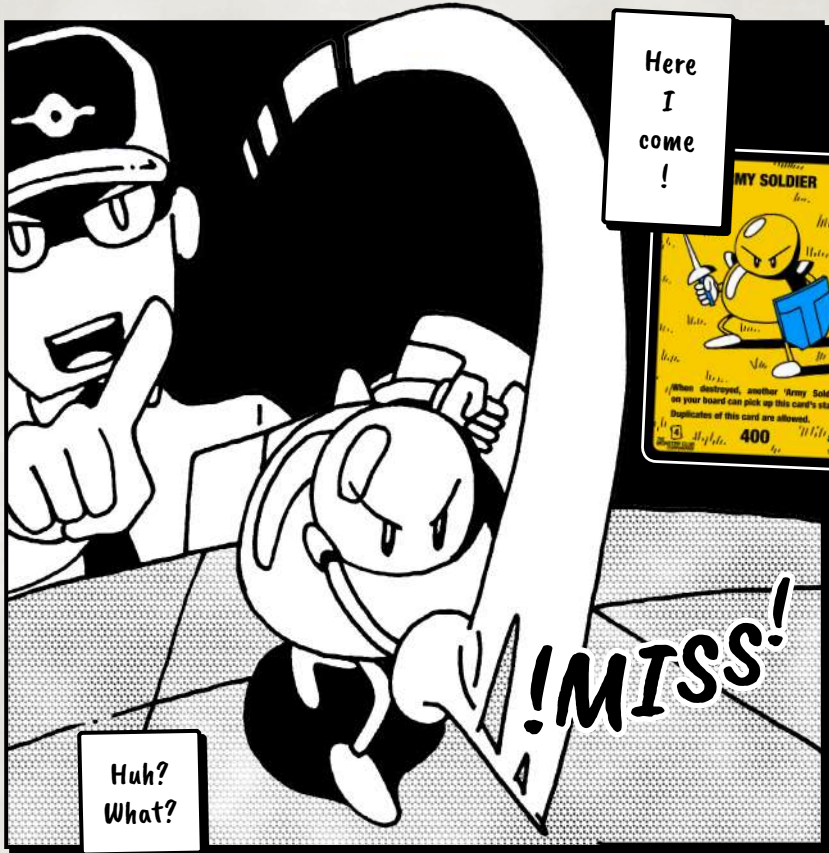

Well  
then  
!

I play  
Army  
Soldier

And initiate an attack on the Easy Gogga to my left!

Here I come!

Huh?  
What?

!MISS!

But how?

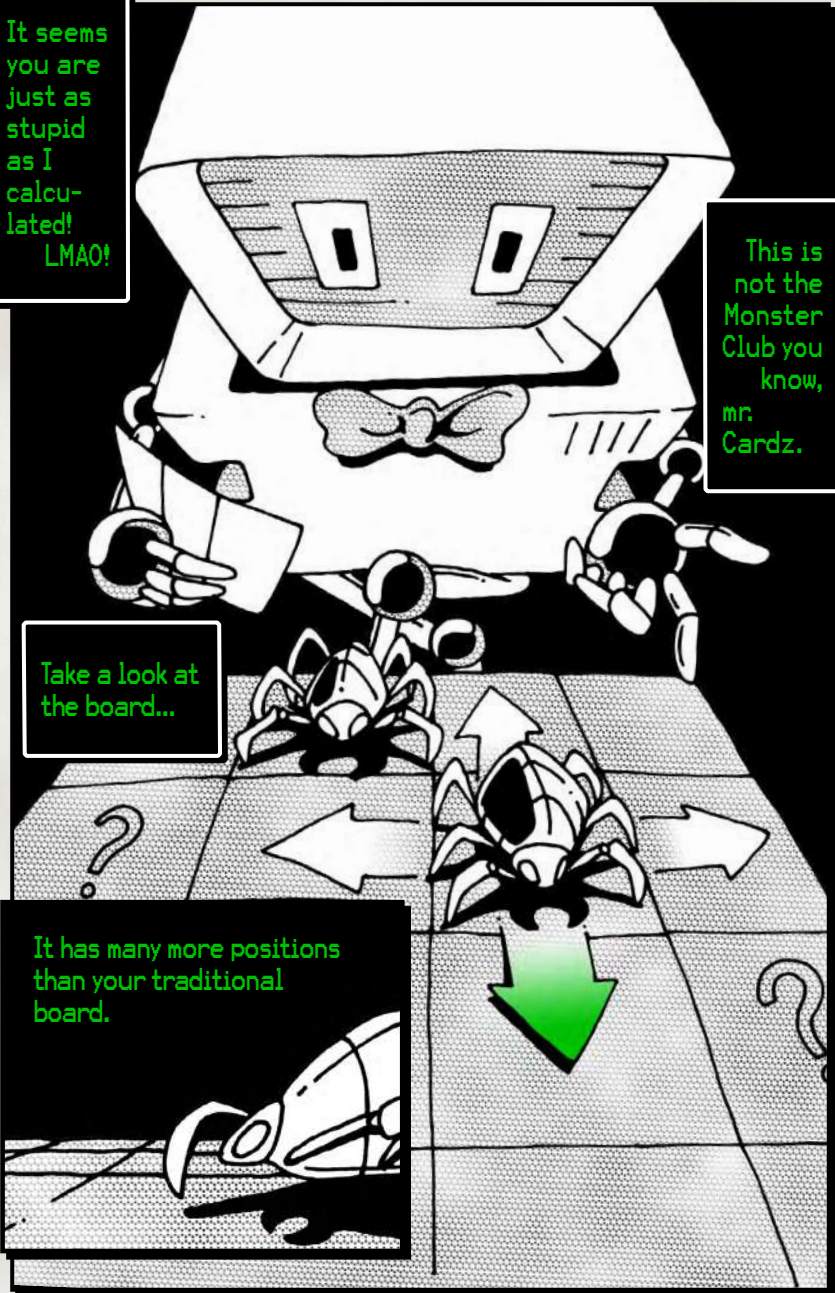

Easy Gogga is no effect monster.

It seems  
you are  
just as  
stupid  
as I  
calcu-  
lated!  
LMAO!

This is  
not the  
Monster  
Club you  
know,  
mr.  
Cardz.

Take a look  
at the  
board...

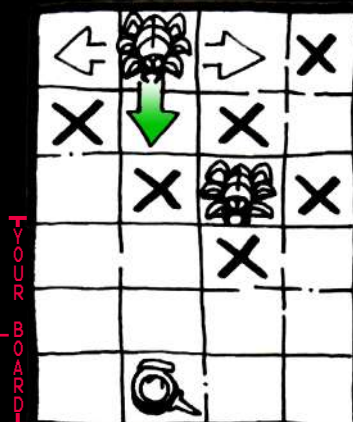

It has many more positions  
than your traditional  
board.

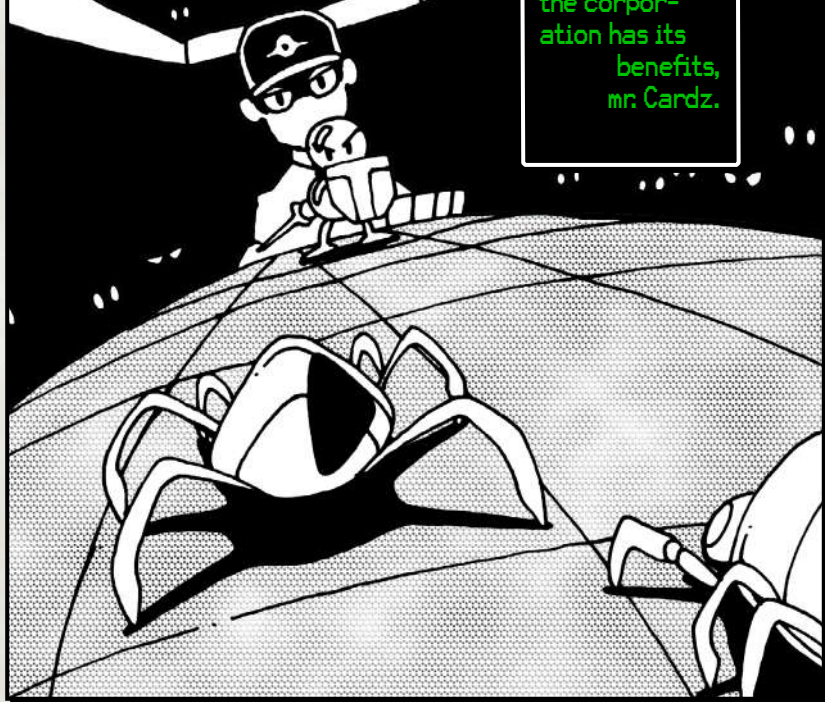

Here, a MONSTER CARD can be played to any position on YOUR BOARD. Different from the MONSTER CLUB you're used to on this board a MONSTER is allowed to move one spot and initiate an attack on a facing MONSTER during the same turn.

Look! I just moved both my Easy Gogga towards you.

You see...

Working with the corporation has its benefits, mr. Cardz.

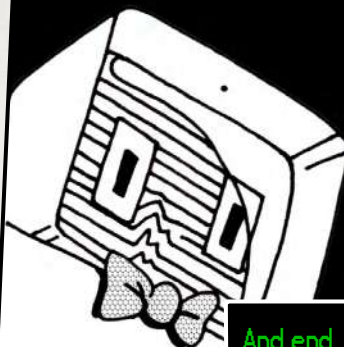

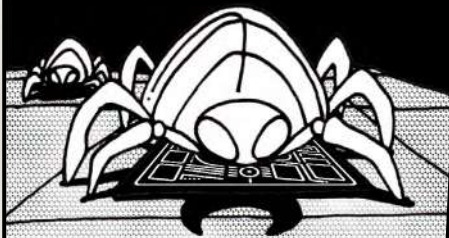

For this is...

# MONSTER MAZE

An invention  
of my own!

I add a face down power card  
to my Easy Gogga in the front.

And end  
my turn;

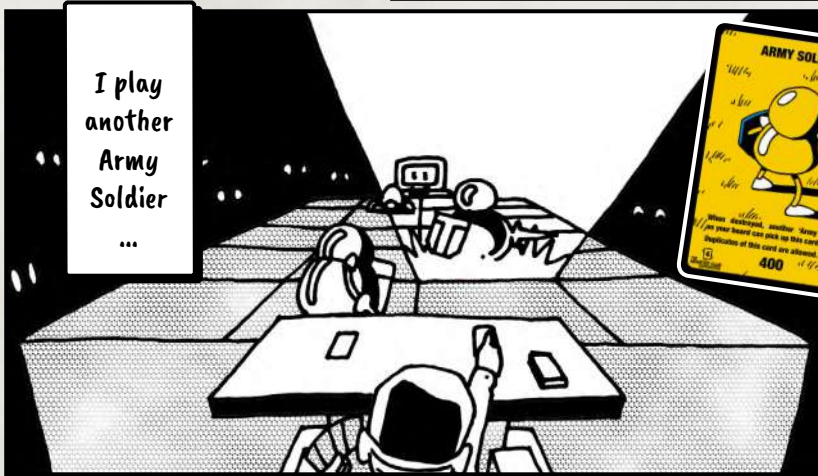

Careful,  
Cardz!

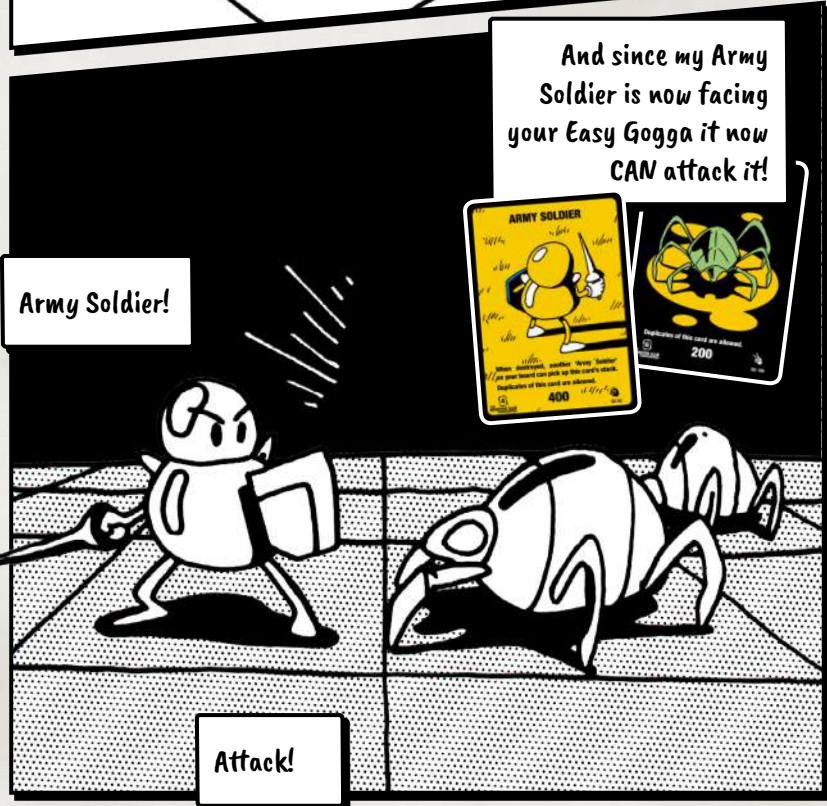

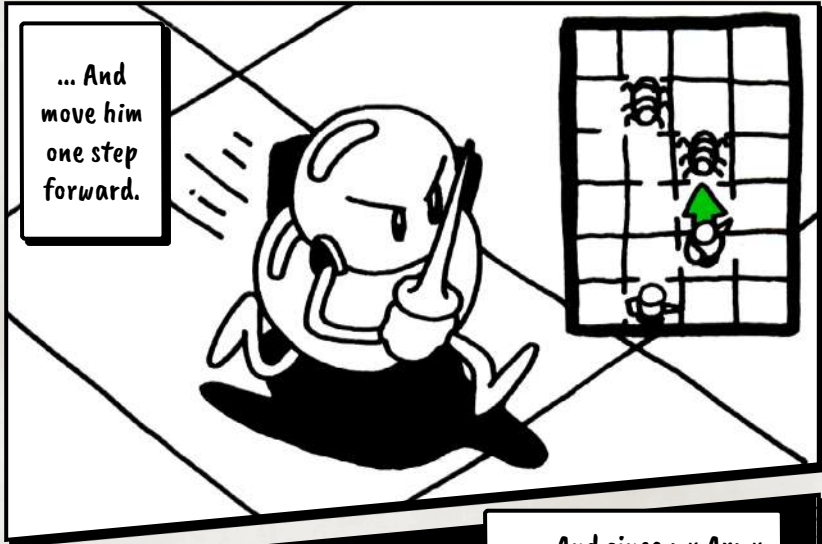

He  
knows  
more  
than we  
think!

Hmm!

I play  
another  
Army  
Soldier  
...

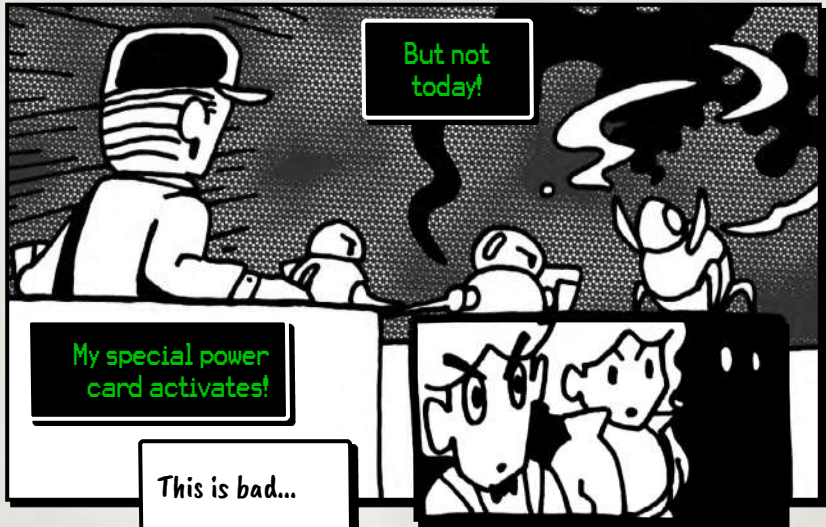

I sense you are a quick learner, mr. Cardz!

In contrast to your learning curve, evolution usually is a process that takes time.

But not today!

My special power card activates!

This is bad...

The miraculous  
Cup Of Monster!

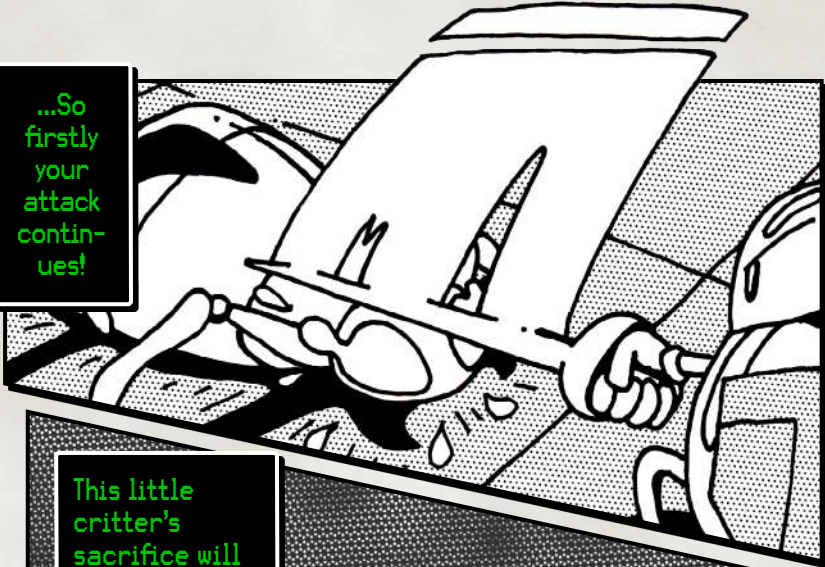

A ritual that  
sacrifices the  
weak in order to  
create the ideal  
circumstances  
for a superior  
specimen.

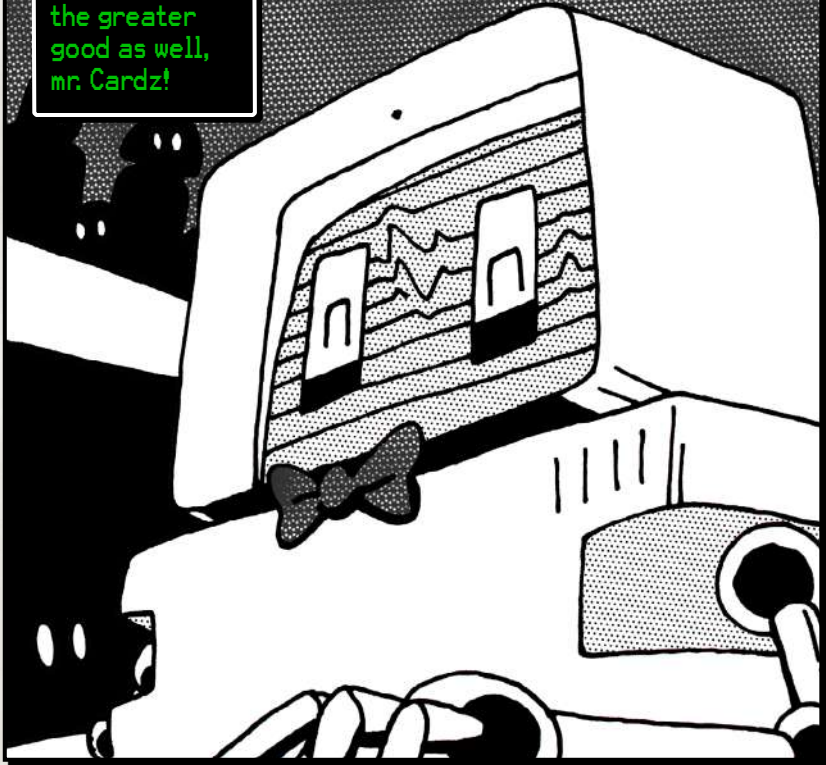

'As the offerings grew  
larger, so too did the  
power of the games', Mr.  
Cardz! But I'm not trying  
to steal your turn here...

...So firstly your attack continues!

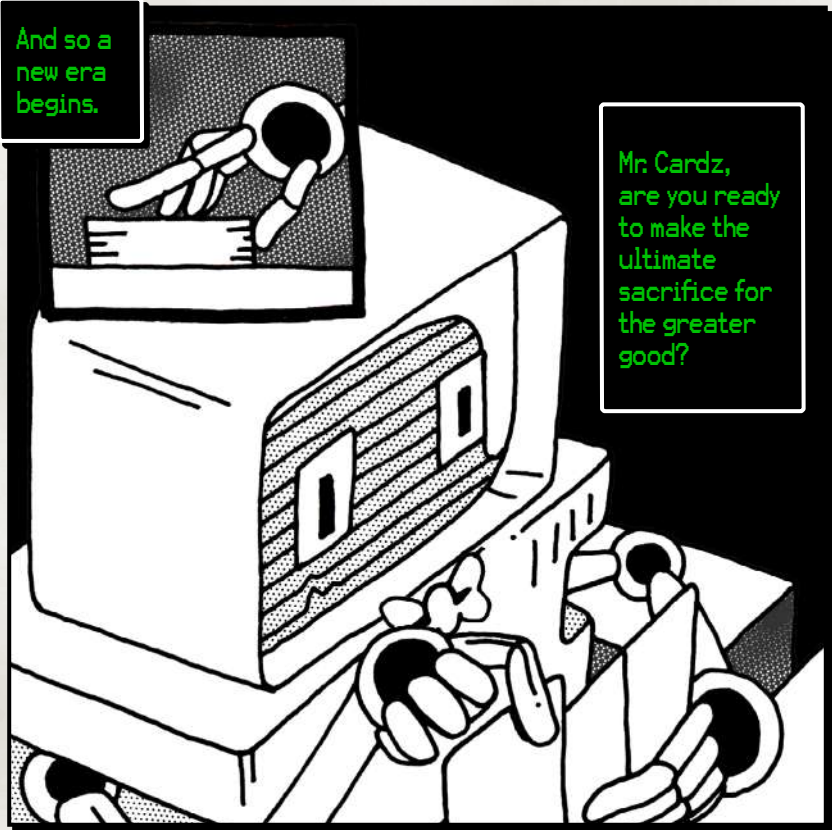

This little critter's sacrifice will contribute to the greater good as well, mr. Cardz!

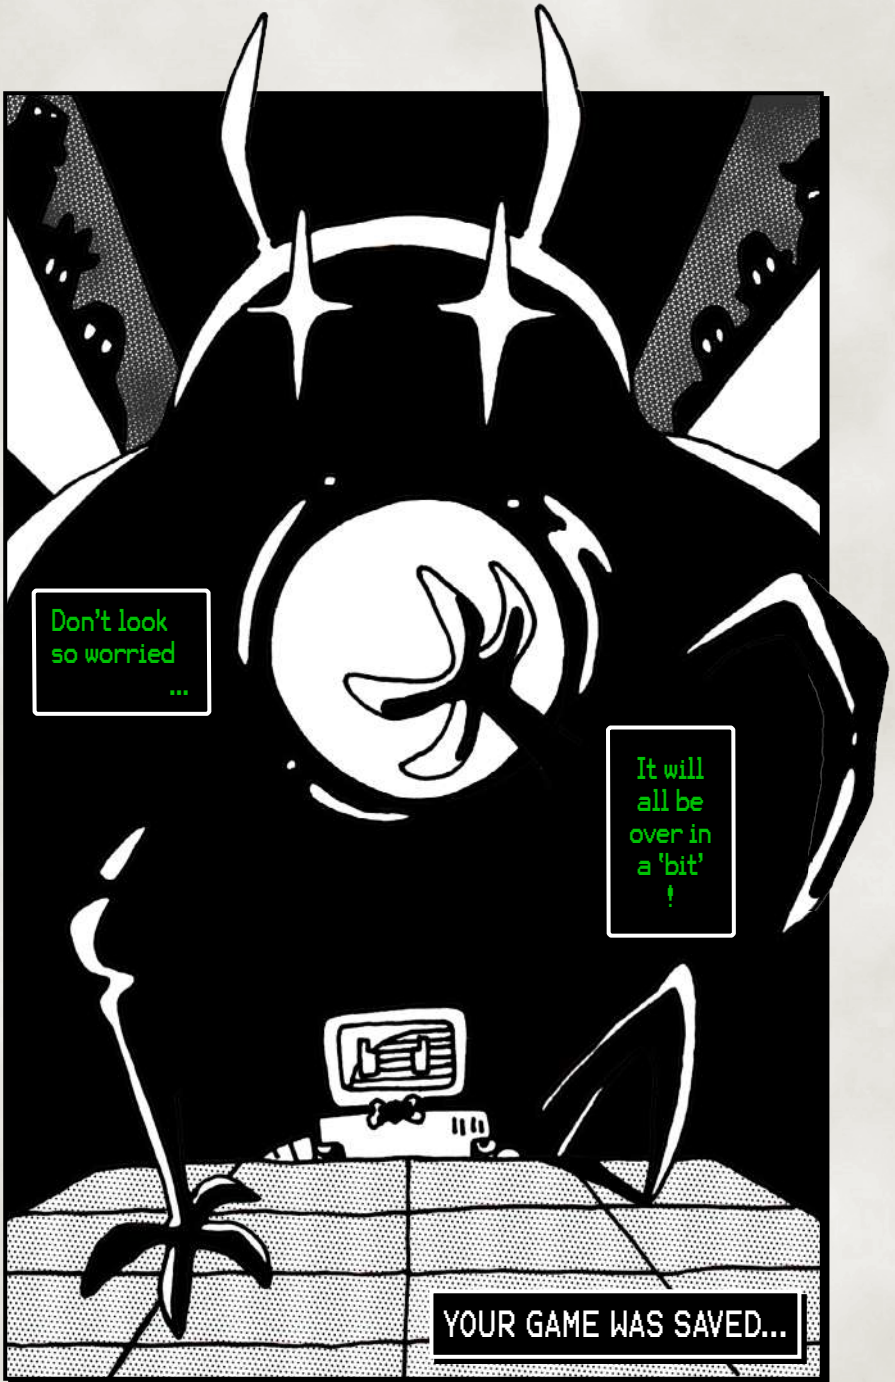

My  
turn  
ends  
.

I know.

And so a  
new era  
begins.

Mr. Cardz,  
are you ready  
to make the  
ultimate  
sacrifice for  
the greater  
good?

Don't look  
so worried  
...

It will  
all be  
over in  
a 'bit'  
!

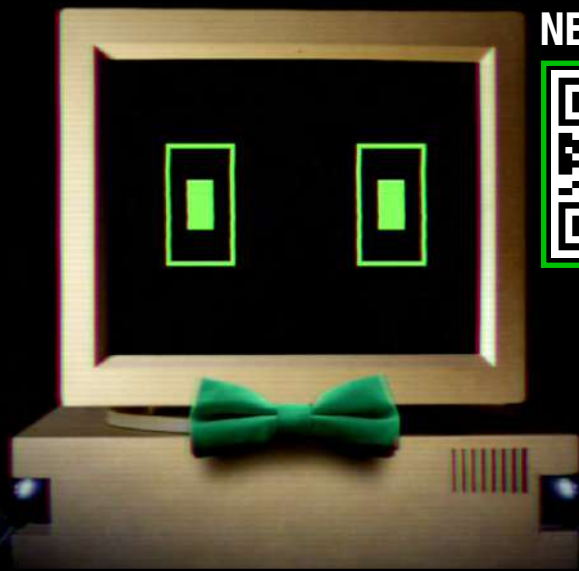

YOUR GAME WAS SAVED...
